Designers—for development of a line of fine quality electronically controlled motion-picture projectors for industrial and educational training. Real challenge to engineers who will take part from the beginning in new and interesting program, involving projector design problems, electronic control circuits, film cooling studies, noise and vibration analysis, cost reduction, etc. This is a small group where each man can contribute his creative ideas and see them carried through into production. The projectors are sold through a subsidiary, The Perceptual Development Laboratories, who are producing training films and programs for the educational and industrial fields. Reply to: Employment Manager, White-Rodgers Co., 1209 Cass Ave., St. Louis 6, Mo.
