NEW FROM PATHÉ FOR THE USA!

MILESTONE OF PROGRESS!

The Pathé Professional Reflex 16-AT/BTL already acclaimed by experts as the world's most advanced movie camera.

With Pathé's unique BTL system you get exact exposure readings with any "C" mount lens, any speeds 8 to 80 fps, any variable shutter position, any ASA setting from 12 to 400, any filter, any accessory — even a microscope — because the meter sees exactly what the film records.

You are the master at all times . . . you know what is correct! You control the exposure, sharpness, and framing of each scene through brilliant, continuous, flicker-free reflex viewing, even at F22!

What a camera! Automatic film threading; rock-steady oversized 16-tooth single center sprocket professional drive; variable shutter from 180° to totally closed, with automatic signal when closed; geared frame and footage counter; unique film-in-camera reminder; 22' spring drive film run; all speeds from 8 to 80 fps with safety lock; built-in rewind handle; instantaneous single frame; time exposure single frame; continuous run and safety lock.

And that's not all!

This fine instrument operates dependably from -40° to $+250^{\circ}\text{F}$ without special lubrication and is installed in rugged casing of pressure molded hydronallum.

The Pathé PR16-AT/BTL system lets you do things you can't do with any other camera. It gives you silken smooth and completely flexible operation. And you have the versatility of 24 fast, finest-quality Pathé SOM or Pathé Angenieux lenses, prime or zoom, 400' film magazine, 16-24 or 8-80 motors, and Kompendium (matte box-filter holder-bellows), all without costly factory installation. Add attachments as you need them.

The Pathé PR 16-AT/BTL lets you create all by yourself a complete, lightweight professional motion picture system. You get so much more with Pathé!

The Pathé Professional Reflex 16-AT/BTL is truly a glorious milestone in precision movie-making instruments.

See for yourself. You'll find that Pathé Authorized Dealers are better dealers. See them. Get the Pathé feeling of professional quality.
