9TH INTERNATIONAL CONGRESS ON HIGH-SPEED PHOTOGRAPHY

DENVER, COLORADO • AUGUST 2 THROUGH AUGUST 7, 1970

Formation of a Committee of Honor for the 9th International Congress on High-Speed Photography was announced by SMPTE President Deane R. White. Members of the Committee are representatives of the industry who lend their names and support to further the technical exchange between members of the international community of scientists and engineers in the area of High-Speed Photography. Organization of this Committee has been under the direction of 9th Congress Affairs Chairman, John H. Waddell. Acceptances to the Committee have been received by the following:

E. J. Bobyn, Director,
Canadian Armament Research and Development
Establishment

Dr. Norris Bradbury, Director,
Los Alamos Scientific Laboratory

J. L. Bromberg, Vice-President,
McDonnell Douglas Astronautics Co.

Honorable John H. Chaffee
Secretary of the Navy

Dr. Louis Eilers, President,
Eastman Kodak Co.

Dr. Mark Ellingson, President,
Rochester Institute of Technology

Sherman N. Fairchild, Chairman
Sherman Fairchild and Associates

James B. Fisk, President,
Bell Telephone Laboratories

Kenneth Hunter, President,
Hycon Corp.

John H. Waddell

Dr. Shirley A. Johnson, Director
Denver Research Institute

Dr. James R. Killian, Jr., Chairman of the Board,
Massachusetts Institute of Technology

Dr. John C. Noyes, Director, Research Labora-
tories,
The Boeing Co.

Dr. W. G. Schneider, President,
National Research Council of Canada

Dr. Frederick Seitz, President,
Rockefeller University

Dr. R. W. Upson, Director,
E. I. du Pont de Nemours, Inc.

Harold G. Warner, Executive Vice-President,
General Motors Corp.

Dr. Jesse Werner, President,
General Aniline and Film Corp.

Dr. John Wheeler, Princeton University,
Past President, American Physical Society

The interest of this distinguished committee, plus support of the 9th Congress by the United States Government, emphasize the increasing utilization of high-speed photography in science and engineering throughout the United States.

The technical program to be presented at the conference is now being prepared. In addition an extensive exhibit of high-speed cameras and lighting equipment will be held in conjunction with the Conference.
