

108th Technical Conference and Equipment Exhibit

October 4-9 New York Hilton Hotel

108th Program Chairman **Joseph A. Flaherty, Jr.**, CBS Television Network, New York, announced that plans for the Conference have begun to take shape. A number of papers have already been submitted for the general program and are now being processed. Indications are that the program in October at the Hilton will be one of the most interesting in recent years.

On Thursday and Friday of conference week a Symposium will be held on CATV. **G. Norman Penwell**, Director of Engineering, National Cable Television Association, Washington, DC, will serve as Chairman. The program will feature panel discussions, speakers and invited papers dealing with problems and practices in the CATV field. Authors interested in CATV may still submit papers to SMPTE Headquarters, *Att: 108th Symposium*.

Conference Exhibit Chairmen, **Dom Capano**, S.O.S. Photo-Cine-Optics, Inc., Carlstadt, NJ, and **Victor James**, Arriflex Corp., Woodside, NY, report that exhibit booths went on sale recently and an enthusiastic response has been received. It is expected that booths will be sold out shortly. For further information write to SMPTE Headquarters, *Att: 108th Conference Exhibit*.

Conference Arrangements Chairman, **Herbert R. Pilzer**, Motion Picture Enterprises, Tarrytown, NY, reports that several meetings with the Arrangements Committee have already taken place and plans for the Conference are taking shape earlier than expected. With the extra time available for conference planning hopes are that accommodations will soon be well arranged with a minimum of last-minute preparations.
