110th Technical Conference and Equipment Exhibit

October 3-8, Queen Elizabeth Hotel, Montreal

Stanley F. Quinn
Symposium Chairman

One of the most promising aspects of the 110th Technical Conference is the two-day "Symposium on Video Cartridge, Cassette and Disc Player Systems." The following ad-hoc symposium-organizing committee has been formed under **Symposium Chairman** Stanley F. Quinn, Canadian Broadcasting Corp., 7925 Cote St. Luc Rd., Montreal 267, P.Q., Canada:

Deputy Chairman

Walter F. Bantin, Senior Engineer
Canadian Broadcasting Corp., Montreal

Associate Chairmen

Perspective Session; Gerald G. Graham
National Film Board, P.O. Box 6100, Montreal, Que.

Utilization Session; Alex R. MacGregor

The Ontario Educational Communications Authority
1670 Bayview Avenue, Toronto 352, Ontario

Technical Session—1; Lloyd C. Harrop

Canadian Broadcasting Corp., 7925 Cote St. Luc Rd., Montreal, Que.

Technical Session—2; Eugene Prevost

Radio Quebec, 2222 St. Catherine St. East, Montreal, Que.

Publicity; J. Lambert

Lambert, Lepage Labbé Inc., 177 St. Paul St. East, Montreal, Que.

Committee

Sandy Day, Vice-President Engineering
CJOH-TV, Ottawa

Paul Martell

Canadian Kodak Sales Ltd., Montreal

Bruce M. Read, Senior Associate

Harry Davis and Associates, Ltd., Toronto

Jean L. Vandette, Technical Operations Officer

Canadian Broadcasting Corp., Montreal

This Special Symposium examines the new technology of video player systems and considers its likely impact on education, industry and the home. The Symposium will be presented in four sessions:

Perspective Session: exploring the social and economic aspects of the new medium from various viewpoints.

Utilization Session: describing plans and expressing views of prospective users.

Two Technical Sessions: presenting advances in the new technology with accompanying demonstrations.

The Symposium enables all interested parties, technologists, educators and other professionals to listen to and to discuss trends, techniques and prospects on an international level.

Given the outstanding, existing interest inside and outside of SMPTE in the home video player field, it is expected that this Symposium will be extremely successful.

The technical program of the first three days is being organized into topic areas and sessions by **Program Chairman** Leslie H. Holmes, Canadian Broadcasting Corp., Head Office, P.O. Box 8478, Ottawa, Ont., K1G 3J5, Canada. As announced in the *June Journal*, p. 498, the prospective topics for the sessions are:

Motion-Picture Systems	Sound Recording
Television Systems	Projection and Theater
Television and Film	Presentation
in Education	Photo-Instrumentation
Laboratory Practices	

Besides the coverage of these topics during the first three days of the Conference, there will be an Equipment paper and Demonstration session held on Tuesday afternoon.

The deadline for Authors Forms and Synopses was June 7, but in some topic areas it may still be possible for the Chairmen to accept a paper after deadline. Such late papers are scheduled only when there is some time available and the paper is an especially important and timely one.

Equipment Exhibit

The exhibit area has been laid out and booth sales are underway. **Exhibit Chairman** is Jean L. Vandette, Technical Operations Officer, Canadian Broadcasting Corp., 7925 Cote St. Luc Rd., Montreal 267, P.Q., Canada.
