

control panel is 7 in deep, 4 in high and 11 in wide. The remote control unit is 5½ in wide. The control panel is priced at \$395 and the remote control unit is priced at \$199.

Movie stills from famous films are available from Freelance, S. Line St. and Prospect Ave., Lansale, PA 19446. Seventy-two subjects have been chosen for familiarity and wide range of appeal. Some are from silent films and others from recent films. Stills include scenes with W. C. Fields, Humphrey Bogart, Clark Gable and others. The stills are on 8- by 10-in glossy prints and are available in a "browse box" holding 100 units at a price of \$50 for the box. The stills are priced at 50 cents each.

The Metal Cold Mirror (MCM) coating, a multilayer coating which separates heat and light when applied to metal reflectors, has been announced by Bausch & Lomb, Vacuum Coating Div., 10 Champeney Ter-

race, Rochester, NY 14602. The new coating is reported to absorb up to 75% of the focused heat while controlling color and increasing visible light reflectance. Through variations in the application of coating layers, the color of the reflected light can be controlled to produce visual effects in theatrical and architectural lighting or for color temperature control in technical and photographic applications. Application of MCM coatings, typically to aluminum, steel and nickel reflectors, will increase the amount of light reflected from the metal substrate. The amount of increase (up to 15%) varies with the surface characteristics and metal used to form the reflector. Steel and nickel reflectors can operate at temperatures up to 950°F and aluminum reflectors can operate up to 550°F. MCM coatings can be deposited on metal substrates up to 24 in in diameter where the diameter to depth ratio is greater than two-to-one. Design, consultation and prototype services are available from Bausch & Lomb.

ment. Work in a new installation with new equipment, located in Washington, DC. Excellent pay and benefits. Send resume to PBS, 955 L'Enfant Plaza, Washington, DC 20024, Attn. Mr. Swanzy.
