NAB Show-stopper:

The ENG (Electronic News Gathering) sessions stood them in the aisles. And Sony stood them on their ears with the complete ENG System.

Things like this were said at the Show: "If you don't invest in ENG now, your news department may be obsolete in just a few short years."

So write now for information about the only ENG System that goes all the way through editing using videocassettes.

On your letterhead to Sony Corporation of America, P.O. Box 1594, Trenton, New Jersey 08607. Attn: Broadcast Services SMP-065-221
