

SOCIETY ANNOUNCEMENTS

BOARD OF GOVERNORS

Final details for the Convention (just ended) were completed at the meeting of the Board of Governors on October 10th at the Hotel Pennsylvania, New York, N. Y. The report of the Financial Vice-President indicated that the finances of the Society were proceeding in a satisfactory manner and that the growth of membership reported herein from time to time was continuing apace. The Secretary reported that the Society had been qualified for doing business through its recently established office in the State of California.

Reports were presented to the Board from the Admissions Committee and the special committee established to investigate the present nomination procedure. The question of microfilm standardization was also discussed, as well as the relation of the Non-Theatrical Equipment Committee to motion picture standardization in the educational field.

The next Convention has been scheduled for Washington, D. C., headquarters at the Wardman Park Hotel, April 25th to 28th, inclusive.

PROGRESS AWARD

At the Semi-Annual Banquet of the Society held at the Hotel Pennsylvania on October 13th, the annual Award of the SMPE Progress Medal was made to E. W. Kellogg of RCA Manufacturing Company, Camden, N. J. Previous recipients of the Progress Medal were: 1935, E. C. Wente, Bell Telephone Laboratories, New York, N. Y.; 1936, C. E. K. Mees, Eastman Kodak Company, Rochester, N. Y.

JOURNAL AWARD

The presentation of the annual SMPE Journal Award was made at the Semi-Annual Banquet on October 13th to D. B. Judd, of the National Bureau of Standards, Washington, D. C., for his paper entitled "Color Blindness and Anomalies of Vision," published in the June, 1936, issue of the JOURNAL. The Award consisted of an engrossed certificate accompanied by a cash award of \$50.

In addition, the Journal Award Committee cited the following papers for Honorable Mention:

"Improved Resolution in Sound Recording and Printing by the Use of Ultraviolet Light," G. L. Dimmick (Aug., 1936).

"Continuous Photographic Processing," H. D. Hine (Jan., 1936).
