

CLASSIFIED INDEX, VOLUME XL

JANUARY TO JUNE, 1943

Administration

Administration of the U. S. Army Motion Picture Service, R. B. Murray, No. 1 (Jan.), p. 52.

Air-Conditioning

Heating, Ventilating, and Air-Conditioning War Department Theaters, M. D. Kiczales, No. 1 (Jan.), p. 24.

Army, U. S., Motion Picture Service

(See *U. S. Army*)

Cameras

The Focusing View-Finder in Television Cameras, G. L. Beers, No. 3 (March), p. 181.

Civilian Defense

Report of the Theater Engineering Committee, No. 2 (Feb.), p. 71.

Color

American War Standard—Specification and Description of Color, No. 5 (May), p. 277.

Committee Reports

Theater Engineering Committee (Sub-Committees on Projection Practice, Civilian Defense, and Screen Brightness), No. 2 (Feb.), p. 71.

Conservation

Report of the Theater Engineering Committee, No. 2 (Feb.), p. 71.

Developers

Copper and Sulfide in Developers, R. M. Evans, W. T. Hanson, and P. K. Glasoe, No. 2 (Feb.), p. 88.

Factors Affecting the Accumulation of Iodide in Used Photographic Developers, R. M. Evans, W. T. Hanson, and P. K. Glasoe, No. 2 (Feb.), p. 97.

The Effect of Developer Agitation on Density Uniformity and Rate of Development, C. E. Ives and E. W. Jensen, No. 2 (Feb.), p. 107.

Disc Recording

Some Recent Developments in Record-Reproducing Systems, G. L. Beers and C. M. Sinnett, No. 4 (April), p. 222.

Distortion

Frequency Modulation Distortion in Loud Speakers, G. L. Beers and H. Belar, No. 4 (April), p. 207.

Film Conservation

Report of the Theater Engineering Committee, No. 2 (Feb.), p. 71.

Frequency Modulation

Frequency Modulation Distortion in Loud Speakers, G. L. Beers and H. Belar, No. 4 (April), p. 207.

General

The United States Army Motion Picture Service, No. 1 (Jan.), p. 3.

Report of the Theater Engineering Committee, No. 2 (Feb.), p. 71.

Maintaining Projection Standards in War Time, L. B. Isaac, No. 3 (March), p. 176.

The Motion Picture Industry and the War Production Board, C. M. Travis, No. 5 (May), p. 273.

Motion Pictures and the War Effort, J. G. Bradley, No. 5 (May), p. 281.

Motion Pictures in Aircraft Production, N. Mathews, No. 5 (May), p. 291.

Sixteen-Millimeter Motion Pictures and the War Effort, M. S. David, No. 5 (May), p. 296.

Heating

Heating, Ventilating, and Air-Conditioning War Department Theaters, M. D. Kiczales, No. 1 (Jan.), p. 24.

Illumination

Illumination in Motion Picture Production, R. G. Linderman, C. W. Handley, and A. Rodgers, No. 6 (June), p. 333.

Loud Speakers

Frequency Modulation Distortion in Loud Speakers, G. L. Beers and H. Belar, No. 4 (April), p. 207.

Non-Theatrical

(See *Sixteen-Mm Motion Pictures*)

Processing

Copper and Sulfide in Developers, R. M. Evans, W. T. Hanson, and P. K. Glasoe, No. 2 (Feb.), p. 88.

Factors Affecting the Accumulation of Iodide in Used Photographic Developers, R. M. Evans, W. T. Hansen, and P. K. Glasoe, No. 2 (Feb.), p. 97.

The Effect of Developer Agitation on Density Uniformity and Rate of Development, No. 2 (Feb.), p. 107.

Washing Photographic Films and Prints in Sea Water, G. T. Eaton and J. I. Crabtree, No. 6 (June), p. 380.

Production

The Variable-Density Film-Recording System Used at MGM Studios, J. K. Hilliard, No. 3 (March), p. 143.

The MGM Recorder and Reproducer Equipment Units, W. C. Miller, No. 5 (May), p. 301.

Illumination in Motion Picture Production, R. G. Linderman, C. W. Handley, and A. Rodgers, No. 6 (June), p. 333.

- Special Photographic Effects, F. M. Sersen, No. 6 (June), p. 374.
The Paramount Transparency Process Projection Equipment, F. Edouart,
No. 6 (June), p. 368.

Projection

- Sound and Projection Equipment in War Department Theaters, G. L. Bub,
No. 1 (Jan.), p. 35.
Report of the Theater Engineering Committee, No. 2 (Feb.), p. 71.
Maintaining Projection Standards in War Time, L. B. Isaac, No. 3 (March),
p. 176.

Screen Brightness

- Report of the Theater Engineering Committee, No. 2 (Feb.), p. 71.

Sea Water

- Washing Photographic Films and Prints in Sea Water, G. T. Eaton and J. I.
Crabtree, No. 6 (June), p. 380.

Sixteen-Mm Motion Pictures

- Motion Pictures in Aircraft Production, N. Mathews, No. 5 (May), p. 291.
Sixteen-Mm Motion Pictures and the War Effort, M. C. David, No. 5 (May),
p. 296.

Sound Recording and Reproduction

- Sound and Projection Equipment in War Department Theaters, G. L. Bub,
No. 1 (Jan.), p. 35.
The Variable-Density Film Recording System Used at MGM Studios, J. K.
Hilliard, No. 3 (March), p. 143.
Frequency Modulation Distortion in Loud Speakers, G. L. Beers and H. Belar,
No. 4 (April), p. 207.
Some Recent Developments in Record-Reproducing Systems, G. L. Beers and
C. M. Sinnett, No. 4 (April), p. 222.
The MGM Recorder and Reproducer Equipment Units, W. C. Miller, No. 5
(May), p. 301.

Special Effects Photography

- Special Photographic Effects, F. M. Sersen, No. 6 (June), p. 374.
The Paramount Transparency Process Projection Equipment, F. Edouart,
No. 6 (June), p. 368.

Standards

- Maintaining Projection Standards in War Time, L. B. Isaac, No. 3 (March),
p. 176.
American War Standard—Specification and Description of Color, No. 5
(May), p. 277.

Studio Equipment

- The Variable-Density Film-Recording System Used at MGM Studios, J. K.
Hilliard, No. 3 (March), p. 143.
The MGM Recorder and Reproducer Equipment Units, W. C. Miller, No. 5
(May), p. 301.

Illumination in Motion Picture Production, R. G. Linderman, W. C. Handley, and A. Rodgers, No. 6 (June), p. 333.

Special Photographic Effects, F. M. Sersen, No. 6 (June), p. 374.

The Paramount Transparency Process Projection Equipment, F. Edouart, No. 6 (June), p. 368.

Transparency Process

The Paramount Transparency Process Projection Equipment, F. Edouart, No. 6 (June), p. 368.

Television

The Focusing View-Finder in Television Cameras, No. 3 (March), p. 181.

Theaters

Construction of War Department Theaters, C. Wepley, No. 1 (Jan.), p. 4.

Heating, Ventilating, and Air-Conditioning War Department Theaters, M. D. Kiczales, No. 1 (Jan.), p. 24.

Sound and Projection Equipment in War Department Theaters, G. L. Bub, No. 1 (Jan.), p. 35.

Report of the Theater Engineering Committee, No. 2 (Feb.), p. 71.

U. S. Army Motion Picture Service

The United States Army Motion Picture Service, No. 1 (Jan.), p. 3.

Construction of War Department Theaters, C. Wepley, No. 1 (Jan.), p. 3.

Heating, Ventilating, and Air-Conditioning War Department Theaters, M. D. Kiczales, No. 1 (Jan.), p. 24.

Sound and Projection Equipment in War Department Theaters, G. L. Bub, No. 1 (Jan.), p. 35.

Administration of the U. S. Army Motion Picture Service, R. B. Murray, No. 1 (Jan.), p. 64.

Ventilation

Heating, Ventilating, and Air-Conditioning War Department Theaters, M. D. Kiczales, No. 1 (Jan.), p. 24.

View Finders

The Focusing View-Finder in Television Cameras, G. L. Beers, No. 3 (March), p. 181.

War Department

(See *U. S. Army*)

War Production Board

The Motion Picture Industry and the War Production Board, C. M. Travis, No. 5 (May), p. 273.

Washing Photographic Materials

Washing Photographic Films and Prints in Sea Water, G. T. Eaton and J. I. Crabtree, No. 6 (June), p. 380.
