(p. 38) *J. H. Battison*

vol. 10, July 1951
Latest Color Television Developments (p.
28)

Your Journals bound make a valuable permanent reference. Six issues constitute a Volume and should be bound with the special contents page (supplied beginning with Vol. 56) and index furnished with each June and December issue. For details of binding see page 702 of the June 1951 *Journal*.

Journal indexes covering the thirty-four years from 1916 through 1950 may be purchased from Society Headquarters.

1916-1930 \$1.25 1930-1935 \$1.25 1936-1945 \$2.00 1946-1950 \$1.50

American Standards form the technical foundation for motion pictures around the world. All current standards were listed by subject and by number in the *Journal Index* 1946-1950. Reprint copies of this list, which includes all previous *Journal* references to each standard, are available from Society Headquarters without charge.

Complete sets of all sixty current standards in a heavy three-post binder with the index are \$13.50, plus 3% sales tax for purchases within New York City, and are available from Society Headquarters. Single copies of any particular standard must be ordered from the American Standards Association, 70 East 45th St., New York 17, N.Y.

Test films are the customary tool for checking picture and sound performance in theaters, service shops, in factories and in television stations. Twenty-seven different test films in 16- and 35-mm sizes are produced by the Society and the Motion Picture Research Council. Write to Society Headquarters for a free catalog.

Meetings of Other Societies

Theatre Equipment and Supply Manufacturers' Association (in conjunction with Theatre Equipment Dealers), Oct. 11-13, Ambassador Hotel, Los Angeles, Calif.

National Electronics Conference, Seventh Annual Conference, Oct. 22-24, Edgewater Beach Hotel, Chicago. The conference is sponsored by the American Institute of Electrical Engineers, Institute of Radio Engineers, Illinois Institute of Technology, Northwestern University and the University of Illinois, with participation by the University of Wisconsin and the Society of Motion Picture and Television Engineers.

The American Institute of Physics is holding a twentieth anniversary meeting in Chicago on October 23-27. Its member societies will hold meetings at that time as follows:

Acoustical Society of America, Oct. 23-25

Optical Society of America, Oct. 23-25

Society of Rheology, Oct. 24-26

American Physical Society, Oct. 25-27

American Association of Physics Teachers, Oct. 25-27
