

## Projection Development Project Engineer

Walt Disney Imagineering is the creative energy behind the design and development of the Walt Disney Theme Parks, from concept initiation to turn-key operation. Our continuing growth has created an immediate opportunity for a Projection Development Project Engineer.

In this position you will be responsible for the project management and design, from concept through installation. You must have expertise at the systems level, as well as a thorough understanding of detail design criteria in all engineering disciplines.

We require a minimum of 5 years experience in projection, camera and optics applications, along with a BS or MS in Electrical/Mechanical Engineering or Optical Sciences.

Walt Disney Imagineering offers an excellent benefits package, a creatively-charged work environment, and a chance to really make a difference. For immediate consideration, please send your resume to: **Walt Disney Imagineering, 800 Sonora Avenue, Glendale, CA 91221-5020, Attn: Human Resources Dept. GD-SMPTE.** Equal Opportunity Employer.
