 Communications, Inc., 1643 York Mills Ln., Reston, VA 22094
 Managers: Raymond C. Benedict, Carl Girod, M. Lynwood Heiges,
 Jr., Edwin J. Kennedy, Allan D. McConnell, John Wesley Nash

SMPTE's Newest Book

A Television Continuum – 1967–2017

SMPTE's new book, **A Television Continuum – 1967–2017**, contains a collection of technical articles that marks both SMPTE's 75th Anniversary and its 25th Annual Television Conference. As the title suggests, the idea was to return to the time when the first TV conference was held to see what were then the established technologies, then trace the progress of those and still newer technologies through the present and into the future. The papers, all presented at this milestone television conference that was held in Detroit on February 1–2, 1991, are by established experts in their fields. The book is intended to serve as a window from which to see the rapid evolution of modern television technologies, particularly for those in broadcast engineering and engineering management.
