Committee Information

SMPTE Engineering Committees meet quarterly during the year to develop standards, recommended practices, and engineering guidelines and to review existing documents to ensure that they are current with established engineering practices and are compatible with international standards.

These activities have produced over 500 standards for the television, motion picture, and imaging industries, with a dozen new documents produced in the last calendar year.

Individuals interested in contributing to committee work should contact the Engineering Dept. at SMPTE Headquarters, (914) 761-1100, fax: (914) 761-3115, e-mail: eng@smpte.org.

Engineering Meeting Schedule

The adjacent calendar shows the dates of upcoming meetings and the cities where they will be held.

Please check the web site and monthly mailings for specific times. Members attending these meetings should be aware that **meeting times are approximate**. It is possible that meetings may start earlier or later than scheduled, depending upon the workloads of each group. You should be prepared to arrive earlier than the time indicated.

Engineering Meeting Schedule

April

9 Wed.	SG on Automated Storage and Retrieval V16.09 (Heitmann)	Las Vegas Hilton Las Vegas, Nev.
23 Wed.	SG on Audio Prod/Post Ent. Programming A12.68 (Strong)	Disney Studios Burbank, Calif.

June
