Sony's Business and Professional Group is seeking the following broadcast professionals:

Senior Video Systems Design Engineers

We are looking for seasoned engineers to design large-scale digital audio/video facilities, including floor plans, equipment rack layouts and detailed signal flow diagrams. Candidates must have 5+ years' experience with state-of-the-art analog and digital A/V, production and broadcast facilities, and be especially strong in system-level engineering design and technical problem-solving. Fluency in MS Excel for Windows is required; AutoCAD, Word and Access knowledge is a plus. Team-building, communication skills and the ability to work with minimal supervision are also key. We have both regular and contract positions available, but all require full-time presence at our San Jose facility. Some travel during installation/testing will be required. (Job # CY-SMPTE1)

Project Managers

Responsible for the management of resources to execute fully integrated broadcast systems. Must be able to complete projects on time and within budget. The ideal candidate will bring 5+ years of project management in broadcast or production systems. (Job # CY-SMPTE2)

Senior Marketing Manager

Develop and direct marketing strategy for the broadcast industry. This includes video file server-based automation systems, master control routing switches and related products. Position requires 10+ years of extensive marketing experience in broadcast or other closely related industry. (Job # CY-SMPTE3)

Engineering Instructor/Trainer

Develop and present courses on repairing and maintaining state-of-the-art video equipment and systems. Courses will be constructed around focused objectives and concentrate on hands-on skills development. You must have strong computer skills, BSCS/BSEE with 5 years' experience in the broadcast/professional video industry. (Job# CY-SMPTE4)

Product Support Engineer

Manage all technical support for products such as Sony's Integrated Duplication Operation, Video Store and Edit Station. You will review all technical documentation, actively problem-solve and act as a liaison between factory design and support, and marketing, field service and product sales. Position requires a BS in EE or CS with 7+ years of experience developing and supporting software-based products and 2+ years with servicing or designing Sony products. (Job # CY-SMPTE5)

Please send your resume, INDICATING CODE OF INTEREST, to: Sony Electronics Inc., Attn: Professional Staffing, MS SJ-2C2, 3300 Zanker Road, San Jose, CA 95134-1901. Fax: (408) 955-5166. E-mail (in ASCII text): sj_jobs@mail.sel.sony.com. For more information, visit our Web site at: <http://www.sel.sony.com/HR/EOE>.

STANDARDS FOR ANCILLARY DATA with SUPPLEMENTAL DOCUMENTS

The 4th SMPTE Book on Standards

SMPTE Standards for Ancillary Data contains 9 Standards and Recommended Practices addressing ancillary data space along with supplemental interface documentation. This 100-page book is the fourth in the series of Standards books published by the Society.

If purchased separately, these documents would cost \$140.00. The book is available to members for \$35.00 and to nonmembers for \$45.00.

CONTENTS

- **Foreword by Johann Safar**
- **SMPTE 272M** Formatting AES/EBU Audio and Auxiliary Data into Digital Video Ancillary Space
- **SMPTE 291M** Ancillary Data Packet and Space Formatting
- **SMPTE 299M** 24-Bit Digital Audio Format for HDTV Bit-Serial Interface
- **SMPTE RP165** Error Detection Checkwords and Status Flags for Use in Bit-Serial Digital Interfaces for Television
- **SMPTE RP188** Transmission of Time Code and Control Code in the Ancillary Data Space of a Digital Television Data Stream
- **SMPTE RP196** Transmission of LTC and VITC Data as HANC Packets in Serial Digital Television Interfaces
- **SMPTE 12M** Time and Control Code
- **SMPTE 125M** Component Video Signals 4:2:2-Bit Parallel Digital Interface
- **SMPTE 259M** 10-Bit 4:2:2 Component and 4 f_{sc} NTSC Composite Signals — Serial Digital Interface

For Easy Ordering... Fill out form below (photocopies are okay) and fax to SMPTE Books, 914-761-3115.

SMPTE Books, 595 W. Hartsdale Ave., White Plains, NY 10607, FAX: 914-761-3115
