

# 33rd SMPTE Advanced Motion Imaging Conference

## Omni Rosen Hotel, Orlando, FL

### February 25-27, 1999

**T**hemed "Innovation, Implementation, and Operation," this Orlando, FL event is made up of four program sessions headed by Clyde D. Smith, Speer Worldwide Digital, and an all-day seminar organized by Oliver Peters, Universal Studios. David Walters, Snell & Wilcox, Inc., and Albert LeBoeuf, Lockheed Martin, have been appointed General Arrangements co-chairs for the event.

#### Technical Program

"Acquisition," co-chaired by Stephen Flanagan, Post Newsweek, and Duane Carter, USA, Inc., will begin conference activities on Thursday morning, October 25. Marcos Obidia, Discovery International, and Mark Rogers, Tektronix, will chair Thursday afternoon's "Post-Production" session.

Friday's first session is titled "Integration," chaired by Jack Winter, TV-28, and Jim Biggers, Post Newsweek. "Distribution and Transmission," co-chaired by Doug Lung, Telemundo, and Rick Ackermans, Turner Entertainment, will close out the technical program.

#### Call for Papers

If you're interested in presenting a paper at the conference send your name, company affiliation, address, phone and fax number, and a 500-word synopsis to Marilyn Waldman, Editorial/Coordinator, 595 W. Hartsdale Ave., White Plains, NY 10607, fax: (914) 761-3115, e-mail: [mwaldman@smpte.org](mailto:mwaldman@smpte.org).

Authors are requested to submit papers consistent with the theme and session topics previously mentioned. Emphasis should be given to issues associated with managing the migration from traditional architectural solutions to open digital asset-based systems solutions. Changes in operational processes during and after the implementation of open digital architectures should also be focused on.

#### For More Information

Additional details will be published in up-coming *Journal* issues and the most up-to-the-minute information will be placed on SMPTE's web site (<http://www.smpte.org>). Be sure to log on.
