CHALLENGED?

Broadcast Facility Design Professionals

HELP TAKE TELEVISION INTO THE 21ST CENTURY!

Ready for a real challenge? Join the largest independent professional television systems design company in the world and work on projects for the top names in the entertainment industry.

National TeleConsultants has openings for design professionals to work as part of our team to plan, design and install large scale broadcast facilities.

Live in a great year-round climate! Enjoy the rewards of being part of the team that's chosen time and again by industry leaders for cutting-edge projects.

We have career opportunities for:

Project Managers

For this key role, you should possess excellent communications skills and a keen understanding of people, engineering and business issues.

Systems Engineers

You should have experience in a broad range

of video, audio and digital systems design. TV operations experience is desirable.

Installation Supervisors

You'll coordinate crews, schedules, installation practices, and quality control.

For all these positions, you should possess excellent client skills, the ability to react to change, and good attention to detail.

We offer a very competitive compensation package with excellent benefits, including profit sharing and 401(k) retirement plan.

Please send resume with salary history to:
