AFTERNOON

Session: **D-Cinema**

Chair: *William C. Miller*, ABC, Inc.

Session: **Video and IP**

Co-Chair: *Darcy Antonellis*, Warner Bros.
Co-Chair: *Gary Washauer*, Pinnacle Systems

The Welcome Reception

This event has always been successful, and expectations are no different for this year. The Welcome Reception is the perfect opportunity to get to know the colleagues you'll be sharing the next few days with, and to get re-acquainted with friends from previous SMPTE conferences. Join us for a relaxed evening of good company and hors d'oeuvres.

Industry Luncheon

Sit down to a banquet with your colleagues; share information, business cards, and a good meal. The event is capped by the conference's keynote address, as a mover and shaker in the motion imaging industry speaks to attendees. Previous luncheon speakers include: Jack Valenti, Motion Picture Association of America; Michael Sherlock, NBC; Saul Shapiro, ABC; Roger Mayer, Turner Entertainment, and a host of principal players in the field of motion imaging.

Honors and Awards Reception

Annually, SMPTE gives awards to those in the industry who have demonstrated great achievement and contribution to motion imaging. Awards include Honorary Membership, the Citation for Outstanding Service, the Eastman Kodak, John Grierson/Technicolor, Fuji, and SMPTE Journal awards, and the new Leitch award.

Registration and Further Conference Developments

If you are a SMPTE member, registering early saves you money. If you're not a member, becoming one more than pays for itself in early registration fees for the Technical Conference. Keep monitoring the *Journal* and SMPTE's Website (www.SMPTE.org) for the latest in new sessions, program developments, speakers, and more.

SMPTE Exhibition

It is not too late for companies wishing to participate in SMPTE's Exhibition. Contact Steve Antolick, Exhibit Coordinator, SMPTE, 2025 M St. NW, Ste. 800, Washington, DC 20036. Tel: 202-367-2311, fax: 202-429-5112, or e-mail: Steven_Antolick@dc.sba.com.

Sponsorships

Sponsorships of seminars, receptions, coffee breaks, and registration materials are just a few ways to promote your company's products and services, and heighten customer awareness. We can tailor any sponsorship package or create new sponsorship opportunities to suit your needs. Contact Linda Alexander at lalexander@smpte.org for a complete list of options.

A classic masterpiece of control

- 🎵 8:4:4 video processing throughout
- 🎵 Fast and easy upgrade to HDTV — no need to replace the entire frame
- 🎵 Eight channels of 24-bit audio support throughout, featuring AES, embedded or 2 channels of analog audio formats
- 🎵 Program Special allows use of off-line switcher functions while still on air, offering dual standard operation
- 🎵 Complete automation flexibility
- 🎵 Optional 2D DVE
- 🎵 Optional key, border and shadow

A classic is measured by its ability to transcend time. So it is with Opus™.

The ultimate master control switcher, Opus was created to provide the broadcaster with a timeless total solution. This electronic work of art is masterfully designed to meet any of today's requirements, while also keeping your facility in rhythm with the changing market by easily upgrading to HDTV — without compromise to its flawless performance.

Delivering stunning power and versatility, the economical Opus is ready to orchestrate any configuration. Never was it so affordable to own a masterpiece.
