

Contributors to Voluntary Capital Funds Program

The first list of contributors appeared in the April 1976 Journal. Published below is an additional group of members who have contributed to the Society's Voluntary Capital Funds Program. The Society here records their names with its thanks and appreciation for their willing response to its appeal. These contributions were received between 31 March and 13 July 1976.

Achievement of the goal of this special campaign — retirement of the mortgage on the Headquarters building in Scarsdale — will result in substantial savings in operating expenses and thus materially improve SMPTE's capacity to service its members.

As additional contributions come in, further listings of contributors' names will be published in subsequent issues of the Journal.
