Faculty Position as Lecturer. Available for a physicist, chemist or engineer with experience in photographic science and engineering. Teaching assignment will include sensitometry, applied photography, and related topics in photographic physics. Applicant must have demonstrated interest and abilities in teaching. Appointment is for one academic year. Forward qualifications to: Prof. David A. Engdahl, Acting Director, School of Photographic Arts and Sciences, College of Graphic Arts and Photography, Rochester Institute of Technology, Rochester, NY 14623. RIT is an equal opportunity employer.

Positions Wanted

Theater Engineer. Former director of field engineering service and product line representative for a major U.S. projector and equipment manufacturer; national sales manager and field supervisor for major sound service company; experienced (25 years) in all phases of equipment installation and service, projection, sound, lighting, sales, twinning, etc. Highly proficient administrator. Seeking challenging position with theater chain, manufacturer, supply dealer, etc. with need for knowledgeable top performer of high integrity. Relocate, travel OK. Definitely not desperate. R. Lepanto, Box 371, Paramus, NJ 07652. (914)783-3033.

little mike
BIG EAR

Here's a really all-purpose microphone—just about as small as possible, 8mm by 18mm by 5mm (5/16 by 11/16 by 3/16 in.), but big in performance and versatility. Slick and smooth for minimum clothing noise. Wide frequency range without peakiness for use with music as well as speech. Specially developed cabling and connectors. Immediate delivery, too!

Model 14: 4 ft 6 in. cable, locking micro connector, \$110.;
Model B-30: 12 ft cable, locking micro plug, and matching balance transformer for balanced/unbalanced convertibility, \$140.
