

Contributors to Voluntary Capital Funds Program

The fourth list of contributions is published below; the first appeared in the April 1976 Journal, the second in August 1976, and the third in January 1977. The present list is comprised of contributions received between 22 November 1976 and 1 February 1977. Names of additional contributors will continue to be published in future issues of the Journal. The Society is grateful for the practical assistance members are giving towards attaining its goal of retiring the indebtedness on the Headquarters building and thus reducing its overhead operating expense.
