VTR ENGINEER (\$30,000 +)

Qualified in Digital and Analog Electronics with solid background in Color Television, in particular Color Television Cameras and with in-depth knowledge of the State-of-the-Art Techniques of Electronic Editing, Quadruplex-Pilot Tone-S.H.B. Video Recording and Telecine Color Correction.

This challenging job also requires organizing skills and a fresh approach to Technical Management in order to set up a team of Maintenance Engineers and eventually head the Engineering Department of a sophisticated Tele-Production Facility.
