

Forthcoming Professional Meetings

SMPTE Technical Conference
29 October–3 November 1978
SMPTE Technical Conference and
Equipment Exhibit, Americana Hotel,
New York City. Info from SMPTE
Headquarters

9–11 May 1978

Videoshow, Los Angeles Convention Center. Info from Ellen Parker, *Educational & Industrial Television Magazine*, P.O. Box 565, Ridgefield, CT 06877.

12–17 May 1978

Ethnographic Film Conference, Canberra, A.C.T., Australia. Info from Ms. Michele Day, Australian Institute of Aboriginal Studies, P.O. Box 553, Canberra, A.C.T. 2601, Australia.

16–19 May 1978

Acoustical Society of America 95th meeting, Providence, R.I. Info from Frank T. Dietz, Dept. of Physics, University of Rhode Island, Kingston, RI 02880 (See *Journal*, p. 184, March 1978).

23–25 May 1978

Electro/78, Boston, Mass. Info from Electro Film Theater Committee, Burt Clay, Chairman, 445 Hoes Lane, Piscataway, NJ 08845.

23–26 May 1978

Audiovisual at Work Exhibition, AV '78, Wembley Conference Centre, U.K. Info from

Peter Lloyd, MacLaren Publishers, Ltd., Davis House, 69/77 High St., Croydon, Surrey CR91QH England.

24–26 May 1978

Topical Meeting on Picosecond Phenomena, Holiday Inn, Hilton Head Island, South Carolina. Info from Optical Soc. of America, 2000 L St., N.W., Washington, DC 20036.

29 May–1 June 1978

10th International Quantum Electronics Conference, Atlanta, Ga. Info from Lewis Winner, 301 Almeria Ave., Coral Gables, FL 33134.

29 May–2 June

Course on Fundamentals of Recording, The Banff Centre, Alberta, Canada. Info from Stephen F. Temmer, Gotham Audio Corp., 741 Washington St., New York, NY 10014.

30 May–1 June 1978

Euro Comm 78 Advanced Communications Conference and Exhibition, Bella Center, Copenhagen. Info from Euro Comm 78, Bell Center A/S, Center Blvd., DK-2300, Copenhagen S. Denmark. (See *Journal*, p. 104, Feb. 1978.)

6–9 June 1978

Visual Communications Congress Expo., New York. Info from United Business Publications, 750 Third Ave., New York, NY 10017.

12–13 June 1978

Cable Television Technical Seminar, Albany, N.Y. Info from Kenneth L. Foster, Chief Division of Telecommunications, N.Y. State Commission on Cable Television, Empire State Plaza, Albany, NY 12223. (See *Journal*, p. 104 Feb. 1978.)

12–16 June 1978

Course, Principles of Color Technology, Rensselaer Polytechnic Institute. Info from Office of Continuing Studies, Rensselaer Polytechnic Institute, Troy, NY 12181.

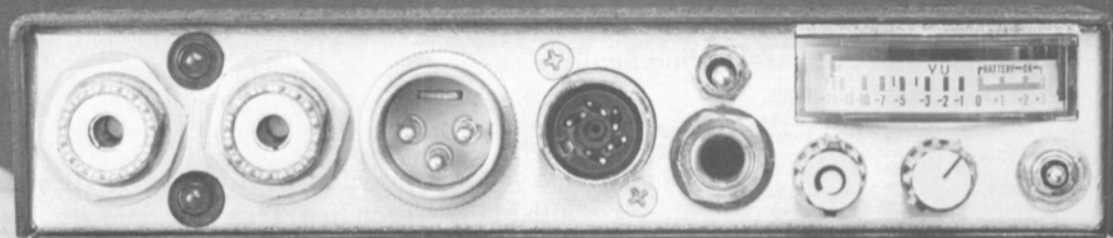

21–25 June 1978

International Scientific Week Klagenfurt, Austria. Info from the International Society for Engineering Education, Universitätsstrasse 67, A09010 Klagenfurt, Austria. (See *Journal*, p. 184, March 1978.)

26–30 June 1978

Course, Advances in Color Technology, Rens-

The Ultimate PORTABLE DIVERSITY RECEIVER for wireless microphones

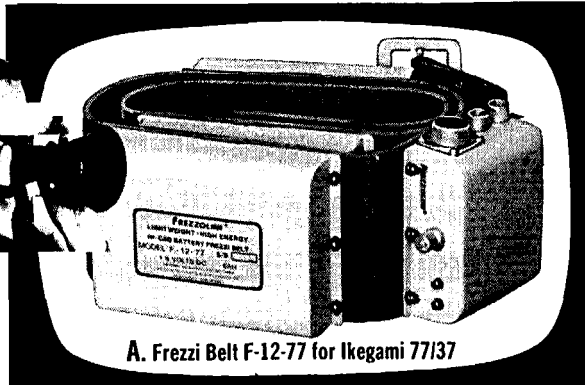

Vega, the originator of diversity receiving systems for wireless microphones, now offers the most advanced portable diversity receiver in the industry. Designed for the professional sound user, the Model 67's compact size makes it suitable for mounting to leading portable recorders, both audio and VTR's. The Model 67 offers true space diversity through independent receivers, not crude noisy antenna switching. The unit operates from either standard internal 9V batteries or an existing D.C. voltage source. Contact Vega for complete specifications on this exciting new unit.

Vega

Frezzi **POWER** Belts® them all!

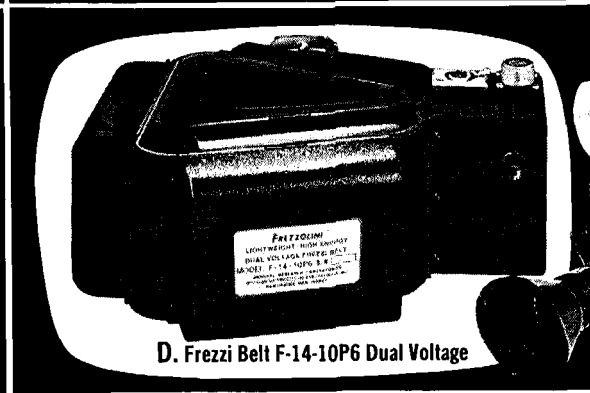

A. Frezzi Belt F-12-77 for Ikegami 77137

B. Frezzi Belt F-30 & F-30EXF for Sun Gun & Mini Pro

C. Frezzi Belt F-12P6 for RCA TK-76

D. Frezzi Belt F-14-10P6 Dual Voltage

A. Frezzi Belt F-12-77 provides reliable power & maximum operating time for Ikegami HL-77 or 37 cameras. Totally compatible for original or replacement service.
List (USA) \$440.

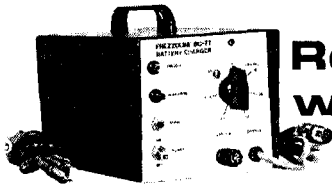

C. Frezzi Belt F-12-P6 provides reliable power & maximum operating time for the RCA TK-76 camera. Totally compatible for original or replacement service.
List (USA) \$440.

Frezzi Belts/Power Packs are manufactured for Akai, Ampex, Hitachi, JVC, Philips, RCA, Sony, Thomson video equipment.

B. Frezzi Belts F-30 or F-30EXF provide reliable maximum power for 30 volt, 250 watt Sun Gun or Mini Pro or other light heads or camera systems.
F-30 (standard charge) . . List (USA) \$485.
F-30EXF (1-hour recharge) List (USA) \$535.

D. Frezzi Belt F-14-10P6 simultaneously provides reliable maximum power for both RCA TK-76 & Frezzi FLH-100 Sun Gun or increased power for camera.
List (USA) \$585. (Other camera & light Dual Voltage Belts available).

Other Frezzi Battery Packs and Belts, single and dual Chargers, Sequencer Chargers, and Complete Systems available. In addition, we manufacture for OEM

Re-charge fully in less than 1 hour with optional Frezzi Rapid Chargers.

For information: (New Jersey 201) 427-1160 or (New York 212) 594-2294.

Frezzolini® E.N.G. support equipment.  **Frezzolini Electronics Inc.**

Find your specific "Video Power" — Call us or write for Selector Guide.

THINKING IKEGAMI? THINK CAMERA MART.

Because we're a full-service Ikegami Dealer.

At Camera Mart, we feature the entire line of Ikegami quality products. And we service what we sell—with our own in-house, factory-trained technicians and factory-approved facilities. The ENG package below is just one of the many we offer, so why not talk to us about your needs... or come in for a demonstration.

CAMERA MART CUSTOM IKEGAMI PACKAGE

The camera: Ikegami's HL-77,* completely self-contained. High-sensitivity color in a compact, light-weight three-Plumbicon*** package. All in a single low-profile 16mm-size

camera with eye-level CRT monitoring on take and playback, plus many more features you'll appreciate.

The lens: The Canon f/1.6 10-100mm zoom, for wider wide-angles and tighter tele's.

The recorder: Sony's easy-to-operate VO-3800—a 30-lb. package that gives you up to 20 minutes of NTSC color on a single U-Matic* cassette which can be edited on the 2850.

*Also available with HL-35.
**Plumbicon is a trademark of N.V. Philips

OPTIONAL ACCESSORY: "VIDEO CRASH CART"

Custom-designed to make production safer and smoother, with reduced set-up and strike time, easier transport and fatigue-free shooting. Sturdy, welded construction with 2-position handle lets you transport or operate in upright "handtruck" or horizontal "dolly" position. So it can go virtually anywhere your crew can go.

Holds camera backpack, recorder, AC adapter, cables—even extra cassettes.

RENTAL-LEASE-PURCHASE:

Pick the terms that suit your budget (and tax situation) best.

Peterson has gone into wetprinting all the way.

We have taken the Total Immersion Wetprinting concept. . .
and with YOU in mind, have designed a piece of equipment
that we will be proud to add to our quality line of printers.
Peterson Made. . . that means precision and excellence in
every part. . . for long lasting, efficient performance.

Write today for full details. You'll be amazed at
all the extras we're building into our new printer.

IT'S READY!

If you can mail a letter, you can load the Elmo 16 CL.

The projector that's easiest to load and operate gets the most use. That's why the Elmo 16mm sound 16 CL is fast becoming the nation's favorite. Because *anyone* can guide the film through the unique Elmo channel path to the take up reel, turn on the switch and project! No levers or sprockets to disengage. Not even trimming the film leader. It's that simple!

And there's lots more. Instant replay high speed rewind in channel, quality modular construction, remarkably brilliant optics and sound, rugged yet light weight and much more. The 16 CL is a product of 56 years of Elmo movie equipment design and manufacturing expertise.

Call your Elmo dealer for a demonstration of the incredible Elmo 16 CL.

2-WAY REWIND:
rewinds instantly right
through the gate or
reel-to-reel.

CHOICE:
optical, optical/
magnetic and bi-
lingual models.

SIMPLER: uniquely
simplified operation is
easy as: 1) film to
channel, 2) switch on,
3) focus.

SHARPER:
sharpest screen im-
age ever with a special
ELMO 50mm f/1.2 lens.
