

122nd SMPTE Technical Conference and Equipment Exhibit

9-14 November 1980, New York Hilton Hotel, New York City

General Arrangements Chairman, William L. Cooper of WPIX, Inc., has announced the appointment of the conference committee chairmen for the 122nd Technical Conference and Equipment Exhibit to be held at the New York Hilton Hotel from 9 to 14 November.

The Local Arrangements Committees, comprised of members from the host city, assume their responsibilities for the conference early in the year. This dedicated and ambitious group coordinates with the Conference Vice-President, Harry Teitelbaum, and the Headquarters staff, all of the activities that combine to make a successful conference.

When all of the months of preparation come together, the finale is a provocative technical program that has wide appeal to all registrants, an equipment exhibit that features all of the latest motion picture and television equipment, and an imaginative and interesting Ladies' Program. One of the highlights of the conference week is the Awards Luncheon, featuring a well-known guest speaker and the presenting of awards to outstanding individuals in the industry. The conference site also affords a meeting place for the Society's numerous engineering committees, the administrative committees of the Society, and the opportunity to meet colleagues for the discussion and exchange of ideas. Leaders from the industry representing more than 25 countries attend this meeting every year and last year's attendance in Los Angeles was 9000.

The committees and the chairpersons responsible are listed below. The Society is deeply indebted and grateful to the Committee Chairpersons for assuming these responsibilities.
