Communications/Video Engineer

HBO Network Operations

Home Box Office, a subsidiary of Time Inc., programs and distributes the foremost pay TV services in the country, HBO and Cinemax.

The Communications/Video Engineer is responsible for quality control of baseband signals at Home Box Office and Cinemax affiliate locations and at common carrier facilities used by HBO (25% travel).

Ideally, candidates will possess a strong knowledge of CATV security hardware and systems, digital techniques, TV-AM and TV-FM systems, domestic satellite and terrestrial microwave communications, as well as some familiarity with FCC rules and regulations. 3-5 years of engineering experience in the cable TV industry is required, and a FCC First Class License and BSEE are preferred.

This is a highly challenging position providing an excellent compensation package and a real opportunity for personal and professional growth.

Qualified applicants are urged to respond by sending resume and salary history in confidence to: Tom Federlin, Personnel, Time Inc., Time & Life Building, Rockefeller Center, New York, N.Y. 10020.

An equal opportunity employer.
