Deadline for News Releases

Releases and other material intended for use in any of the columns of the *JOURNAL* must arrive at SMPTE Headquarters at least eight weeks before the month of the issue in which the material is to appear. For example, announcements for the March 1982 issue must reach the SMPTE Editorial Office no later than 1 January; for the April issue, no later than 1 February.

It is especially important that information for the Calendar reach us before the deadline. We regret that we cannot publish announcements of potential interest to our readers when the information arrives too late. — *Edit.*
