

The dais at the Honors and Awards Luncheon.

Board of Governors Awards Reception

Prior to the Awards Luncheon, the Board of Governors held a special reception for the awards winners, new Fellows, and distinguished guests to be seated on the dais.

The reception this year was held in the West Ballroom of the New York Hilton Hotel, where light snacks and cocktails were served, giving the officers and honored guests a chance to meet informally. The reception, which created a congenial and comfortable atmosphere that continued through the luncheon, provided a chance for those seated on the dais to exchange greetings and relax before being escorted into the Grand Ballroom, where their entrance was greeted with a warm round of applause.
