

125th Technical Conference and Equipment Exhibit October 30–November 4, 1983, Los Angeles

The Program Chairman and General Arrangements Chairman have been announced for the 125th Technical Conference and Equipment Exhibit, to be held at the Los Angeles Convention Center and the Biltmore Hotel from October 30–November 4, 1983.

Conference Vice-President Charles A. Ahto, Tape-Film Industries, has announced the appointment of Charles D. Kircher, Projects Officer, Foto-Kem Industries, as Local Arrangements Chairman. Kircher will be responsible for the overall arrangements of the Conference not pertaining to the program.

In a similar announcement, Editorial Vice-President Maurice L. French, CBC, disclosed the appointment of Bill Hogan, Ruxton, Ltd., as Program Chairman. Both Hogan and Kircher are of proven ability, and the Conference this year will greatly benefit from their efforts. Other Chairmen, with specific responsibilities, will be given in a future issue of the *SMPTE Journal*.

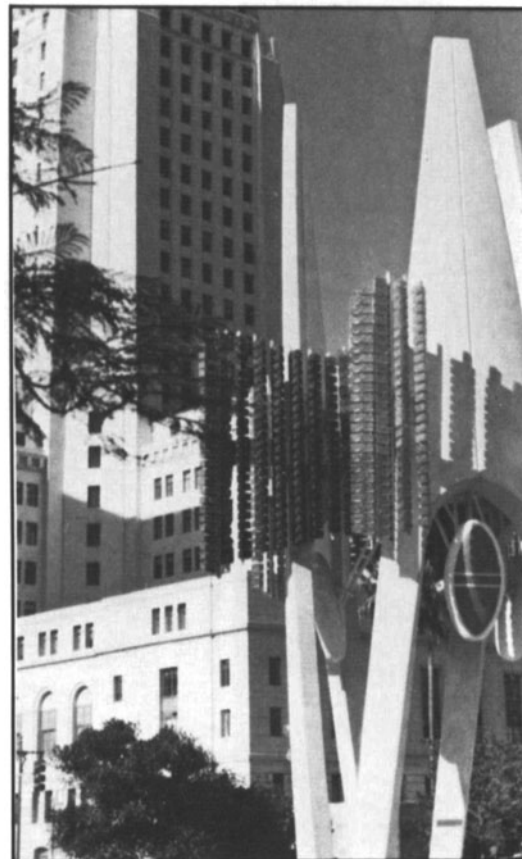

Another factor that ensures the success of this year's Conference is the fact that it will be held at the Los

Angeles Convention Center as well as the Biltmore Hotel. This is the first time a conference has been held in a convention center, and is indicative of the enormous growth of the Annual Conference in recent years.

The Los Angeles Convention Center is equipped with virtually unlimited exhibit space, and will provide SMPTE with modern facilities and a large, professional staff. The Biltmore Hotel, on the other hand, is a Los Angeles landmark and will add a touch of elegance to many conference activities and functions.

A complete list of sessions and topics will be given in a future issue of the *Journal*.
