

munds, Suffolk LP33 3TB, England. The pedestal incorporates a special tilt control facility that allows critical and narrow angle shots.

W. Vinten also announced the Teal Type 197 single-stage pneumatic pedestal. It is designed for portable and intermediate-size color cameras with varying combinations of lenses, view finders, and prompters.

Pan-and-tilt table, Telemetrics Inc.
A remote pan-and-tilt table and camera control through triax cable has been announced by Telemetrics Inc., 300 Rt. 17 North, Upper Saddle River, NJ 07458. A 360° remotely controllable pan-and-tilt table is integrated into triax-connected ENG camera-type control units. Power and control signals for the pan/tilt mechanism are combined with the normal multiplex camera signals thus giving control of all camera, lens, and table functions on a single triax cable.
