

# New Members

The following members have been added to the Society's rolls since the February, 1984, cutoff date for the 1984 *Directory for Members* published in May. Also listed are those reported as deceased since then.

The designations of grade are the same as those used in the *Directory for Members*. An up-to-date list of the Sustaining Members

appears on the outside back cover of each month's *Journal*. The members listed below complete the Society's rolls as of September 27, 1984.

The *Directory for Members* shows the geographical membership distribution within each Section.

## Active Member Status

Many associate members of the SMPTE may now be eligible for active membership, particularly those who first joined the Society when they were under 25 years of age.

Although the dues are the same for active and associate membership, the benefits of active membership are many and allow for greater participation in the Society. An active member is able to vote on matters presented to the membership and is eligible to hold office and chair committees. Active membership is also a prerequisite for becoming a Fellow of the Society.

Associate members are urged to review their qualifications with the idea of upgrading their membership status to that of active member. To make this change in membership grade, associate members should resubmit an application form showing updated qualifications and the signatures of two sponsoring members. Applications can be obtained from local section membership chairmen or from Josephine La Vecchia, Manager of Membership Services, SMPTE Headquarters, 862 Scarsdale Ave., Scarsdale, NY 10583.
