VIDEO ENGINEER

CBS/FOX VIDEO's visionary development of video cassettes for home entertainment has earned us a dominant position within this fast-growing industry. To help maintain our standards of high quality products, we're seeking an experienced Video Engineer.

Reporting to the Director of Engineering, you'll be responsible for supervising the installation of state-of-the-art duplication systems in our new video duplication facility, performing project work on specialized audio, video, and computer systems for the Duplication, Tape Loading, and Quality Assurance Departments, and supervising technicians as necessary for project work.

An Electrical Engineering degree or equivalent plus approximately four to six years' experience working on video processing equipment, VTR's (broadcast) RANK film transfer, video editing systems are required. The capability to design analog and digital circuitry using the best present day technology and the ability to conceptualize audio/video systems are also required.

If you're seeking a growth career with a progressive world-respected industry leader, start the connection by submitting your resume in confidence to: Kevin Rourke, Human Resources Department, **CBS/FOX VIDEO, 23290 Commerce Drive, Farmington Hills, MI 48024.**
