Microtime T-220 FIT time-base corrector

professional Type M (component), or 3/4-
in U-Matic (Dub), Y688. The T-220 FIT
is available in both NTSC and PAL for-
mats.

Videomating, a matting and keying pro-
cess, has been announced by VCA Tele-
tronics, 231 E. 55th St., New York, NY
10022. Performed on the VCA Paint Box,
the new process allows images from one
scene to be inserted into another without
the traditional keying limitations of flat
lighting and color restrictions. Videomating
offers soft edges without the usual
blue edge or tearing.
