Employment Service

These notices are published for the service of the membership and the field. They are inserted for three months, at no charge to the member. The Society's address cannot be used for replies.

Positions Available

TV Maintenance Supervisor. For installation and repair of studio and transmitter equipment. Good supervisory skills and minimum three years maintenance experience required. FCC General Class license preferred. Knowledge of TV broadcast, production, and related equipment essential. Competitive salary and excellent benefits. Send resume to WXXI Personnel Dept., P.O. Box 21, Rochester, NY 14601. EOE.

VTR Field Engineer. Leading manufacturer of broadcast video equipment seeks to increase field service team for Type-C 1-in. VTR product line. Expanding operation provides opportunity for growth and advancement for those experienced with 1-in. helical scan VTRs. Competitive salary, health plan, and benefits. Customer services, on-site repair, and technical sales support make this a challenging position. Send resume and salary requirements to Director, VTR Engineering, Hitachi Denshi America, Ltd., 175 Crossways Park W., Woodbury, NY 11797.

Electrical Engineers. High-technology manufacturer of professional videotape recorders, computer graphics, and special effects systems seeks design engineers in our San Francisco Peninsula research and development facilities and Colorado Springs and Denver engineering groups. Design opportunities in most areas: analog record and playback systems, phase lock loops, state-of-the-art servo systems, digital coding, error correction, disk controllers, high-speed data channels, high-speed digital circuits using TTL and ECL, and system interfaces. Digital systems vary from software control systems to high-speed servo and signal circuits. We use semi-custom LSI circuits and are designing our own VLSI chips. Must have 3-5 years directly related experience to qualify. Send resume to Trish Sudell, Ampex Corp., 401 Broadway, MS 2-21, Redwood City, CA 94063-3199.

Software Design Engineers. To design real-time systems utilizing UNIX and "C." Three to five years experience with DEC's VAX or PDP computers essential. Familiarity with VMS, UNIX, and "C" language is highly desirable. Much of our software design provides real-time control of complex hardware such as videotape recorders or disk memories. Other areas include communication networks and image processing. Send resume to Trish Sudell, Ampex Corp., 401 Broadway, MS 2-21, Redwood City, CA 94063-3199.

Maintenance Engineer. Top ten market. PBS station. Excellent opportunity with growth potential. Minimum 3 years maintenance experience, SBE certification,

Motion Picture Engineer

Position open at SMPTE Headquarters for an engineer having a technical background in film and motion pictures with some physics or chemistry and/or broadcast telecine experience. Must be proficient in writing technical reports. Send resume to L. Robinson at SMPTE Headquarters, 862 Scarsdale Ave., Scarsdale, NY 10583.

FCC General Class. College degree preferred. Competitive salary. Resumes to Gilda Jones, KERA TV/FM, 3000 Harry Hines Blvd., Dallas, TX 75201.

Positions Wanted

Audio/video Engineer. Seeks employment in U.S. or Canada. Broadcast audio and film (video assist) experience. Laser, acousto-optic, optical disk specialist. Doug Dulmage, 7701 E. Saanich Rd., 7 Saanichton, B.C., Canada V0S 1M0. (604) 652-0880.

RIT Photoscience grad (B.Sc. 1981). Experienced in electronic imaging systems transfer to film, motion-picture process control, and application of new imaging technology. Familiar with research and development, and motion-picture industry environments. Willing to relocate. M. F. Lehman, 8655 Belford Ave., #159, Los Angeles, CA. 90045-4561.
