

Exhibit Directory

Abekas Video Systems, Inc., 101 Galveston Dr., Redwood City, CA 94063

Booth: 138

Product Description: A60, A62, A64 digital disk recorders, A53-D and A52 digital special effects, T8 switcher, and the A42 digital still store.

Booth Personnel: J. Sheikh, P. Bennett, Y. Kamath, L. Kelson, N. Sazegar, A. Shifrin, M. Pinkel, B. Ludwig, H. Rogers, T. Hooper, M. Lash

Adams-Smith, 34 Tower St., Hudson, MA 01749

Booth: 304

Product Description: Time-code, tape synchronizing, audio-for-video editing and MIDI control products for production and post-production.

Booth Personnel: H. Adams, W. Hickman, S. Strassberg, H. Williams

A.F. Associates, Inc., 100 Stonehurst Ct., Northvale, NJ 07647

Booth: 938

Product Description: Turnkey systems design and fabrication, Marconi CCD and B3410 telecine, AVS standards converters, EPO robotic camera control systems.

Booth Personnel: T. Canavan, R. Lunniss, M. Bressack, M. Altman, V. Jakimzak

Agfa-Gevaert, Inc., 100 Challenger Rd., Ridgefield Park, NJ 07660

Booth: 816

Product Description: High-quality audio and videotape for the professional and industrial market. Broadcast Pro U-Matic videocassettes, packaged KCS 10, 20 (mini), KCA 5, 10, 20, 30, and 60, super HGX 1/2-in. VHS videocassettes, Packaged T-30, T-60, T-90, and T-120, 1/2-in. bulk videocassette tape PEV 192 HGX (high grade) and PEV 192 (standard grade), and 3/4-in. bulk videocassette tape PEV 297.

Booth Personnel: M. Curry, A. DaPuzzo, C. Emery, J. Matarazzo, T. Sosa, B. Zamosciany, P. Jensen, W. Bremer, J. Rouse, K. McKenzie, D. Sauer, E. Mosera, S. Leader

AKG Acoustics, Inc., 77 Selleck St., Stamford, CT 06902

Booth: 1940

Product Description: A complete line of stereo headphones, AKG headphones, condenser and dynamic microphones, AKG microphones, AKG video reverb, AKG microphones stands, headsets with microphones, digital reverb units, and phonocartridges.

Booth Personnel: S. Ravich, D. Talbot, D. Ogden, R. Powers, D. Pilkington, T. Derwallis

Alamar Electronics USA, Inc., 36 Railway Ave., Campbell, CA 95008

Booth: 1644

Product Description: Broadcast program automation systems utilizing industry standard SMPTE/ESbus. Auto-Cart: Low-cost single-channel cart system. MC-1055: Multichannel automation system with random-access. SC-2000: Remote interface controller. Media Manager: Tape library control system. Schedule Manager: Software for log generation.

Booth Personnel: D. Hurrell, H. Votsmier

Alpha Audio, 2049 W. Broad St., Richmond, VA 23220

Booth: 1146

Product Description: Sonex, Soundtex, Acoustilead acoustic products. The BOSS automated audio editing system.

Booth Personnel: N. Collieran, E. Johnson, D. Walker, B. Tulloh, J. Harlow, K. Fitzgerald, M. Binns

ALTA Group, Inc., 535 Race St., San Jose, CA 95126

Booth: 1707

Product Description: Pyxis digital production system for A/B roll editing, Cygnus TBC and special effects system and picture freeze, Centaurus dual-channel effects system with still store.

Booth Personnel: F. Alioto, M. Paiva, D. Edmonds, W. Lee

Amek Consoles, Inc., 10815 Burbank Blvd., N. Hollywood, CA 91601

Booth: 1647

Product Description: Amek Classic post-production and television recording console. Amek BCII multipurpose broadcast console. TAC Scorpion with patchbay.

Booth Personnel: A. Toshner, P. Harrison, T. Sali, J. Wood

American Studio Equipment, 8922 Norris Ave., Sun Valley, CA 91352

Booth: 1932

Product Description: Grip and electrical equipment ranging from Century stands to 20X20-ft overhead units to carmounts and camera wheel chair dolly.

Booth Personnel: L. Snoke, C. Snoke, P. Garrett, J. Brooks

Ampex Corp., 401 Broadway, Redwood City, CA 94063

Booth: 130

Product Description: Complete family of post-production broadcast equipment including VTRs, cameras, camcorders, video-processors,

editors, switchers, digital effects and graphics systems, and professional broadcast videotapes in all popular formats.

Booth Personnel: R. Schwartz

Amtel Systems, Inc., 33 Main St., Ste. 303, Nashua, NH 03060

Booth: 1742

Product Description: Transform-1 post-production management system, also a complete line of SMPTE time-code equipment and tape synchronization equipment.

Booth Personnel: M. Wronski, P. McDonnell, S. DiFranco, R. Hickman, G. McKoen, S. Carnahan, M. Martin, R. Wilk

Angenieux Corp. of America, 7700 N. Kendall Dr., #503, Miami, FL 33156

Booth: 1518

Product Description: State-of-the-art zoom optics for motion-picture and TV broadcasting.

Booth Personnel: B. Angenieux, G. Corbasson, T. Martinez, G. Tubbs, J. Martinez

Anton/Bauer, Inc., One Controls Dr., Shelton, CT 06484

Booth: 812

Product Description: Lifesaver® micro-processor chargers and diagnostic evaluators. The new Gold Standard battery-mounting bracket, compatible with all existing Anton/Bauer-type NiCd batteries. MP-4 and MP-8 (four and eight position chargers).

Booth Personnel: A. Wilson, G. Bauer, J. O'Keefe, J. Lantowski, K. Miller, C. Schurk, M. Garretson

Anvil Cases, Inc., 4128 Temple City Blvd., Rosemead, CA 91770

Booth: 950

Product Description: Custom and standard design reuseable shipping cases, racks, and containers for the video, cinema, lighting, professional audio, and related support industries.

Booth Personnel: R. Hoopes, S. Sepulveda, R. Bicknell, D. Hakala

Aphex Systems Ltd., 13340 Saticoy St., N. Hollywood, CA 91311

Booth: 350

Product Description: Innovative audio processors including the Compellor™, automatic leveler/compressor, the Studio Dominator™, tri-band peak processor, the Aural Exciter®, audio enhancer.

Booth Personnel: J. Sanserino, M. Caesar, J. Martindale, J. Levison, J. Garcia

NEW. HERE. NOW.

NEW A14x9ERM

NEW A18x8.5ERM

Offering you higher performance, reliability and value, Fujinon's newest and finest ENG lenses are available now.

The new A18x8.5ERM gets you in closer and takes you out farther. It gives you two focal ranges — 8.5mm to 153mm and 17mm to 306mm — by flipping the built-in 2X extender lever. The F1.7 maximum aperture is flat to 116mm and only drops to F2.3 at the full 153mm tele position. About half an inch longer than ordinary ENG lenses, the new A18x8.5ERM's combination of range, features, and performance are making it the new world standard for electronic news gathering.

The new A14x9ERM, lighter and more compact, outperforms its predecessors and the competition. It's less than 1.4kg with the flexibility of a built-in 2X extender. MOD is 0.8m. And it provides an F1.7 maximum aper-

ture from 9mm to 103mm (F2.0 at 126mm).

Both new lenses offer performance improvements including higher MTF with significant reductions in distortion and longitudinal chromatic aberration. Images are sharper and brighter throughout the zoom ranges. Color and focus tracking are right on. Both lenses also offer macro focusing, weatherized construction, and such Fujinon options as miniaturized, built-in pattern projectors, front-mounted wide and tele adapters, manual and servo hand controls for studio use, and push-button shot boxes for programming multiple focal positions and zoom speed.

They're new. They're here. And they're available now. To learn more about Fujinon's new ENG lenses, you'll get more information or a demonstration by calling the Fujinon location nearest you.

Arriflex Corp., 500 Route 303, Blauvelt, NY 10913

Booth: 1523

Product Description: 35BL-4; 16/35mm camera equipment; video assist; lighting: Fresnels, HMIs, Arriflites; Lightflex; VAFE/time code; Kinotone 16/35mm theater and telecine projectors film projectors, sound dubbers, multiple track magnetic dubbing systems, and time code for theaters.

Booth Personnel: V. Bahnemann, C. Davidson, R. Schreiber, D. Ross, J. Schwinzer, H. Jones, B. Russell, J. Gresch, S. Chamberlain, G. Greczylo, L. Bloom, S. Loth, W. Reigl, J. Sunday, J. Smart, D. Pym, M. Regan, P. Wild

Asaca/ShibaSoku Corp. of America, 12509 Beatrice St., Los Angeles, CA 90066

Booth: 212

Product Description: ACL-6000C video cart system (Beta/MII), audio and video test and measurement equipment, high-resolution color monitors, and portable production systems.

Booth Personnel: A. Davis, J. Leveck, P. Backer, S. Ohya, T. Tanaka, A. Au, H. Nishimura, T. Shigezaki

Audio Precision Inc., P.O. Box 2209, Beaverton, OR 97075

Booth: 1816

Product Description: System One audio test equipment with many measurement capabilities such as level, THD+N with very low system residuals, IMD, wow, and flutter. A unique applications package for BTSC audio testing.

Booth Personnel: R. Metzler, A. Rodriguez, B. Hofer, R. Cabot, R. Wright, M. Hogue

Audio Services Corp., 4210 Lankershim Blvd., N. Hollywood, CA 91602

Booth: 650

Product Description: Portable production sound equipment for film and video: Recorders (Nagra, Sennheiser, Schoeps) and Neumann microphones, sound carts, mixers, power packs, cases, time-code slates, wireless microphones, windscreens, and much more.

Booth Personnel: R. Topham, Jr., D. Panfili, M. Riner, D. McJunkin, A. Vidana, R. Topham, J. Allaer, R. Topham, A. Kvist, A. Cooney-Lignowski

Aurora Systems, 185 Berry St., # 444, San Francisco, CA 94107

Booth: 1712

Product Description: A full line of digital videographics systems featuring the AU/280, a complete graphics creation system with real-time animation, key-output, and a wide variety of editing tools; and the AU/220, a PC-based 32-bit, full-color system.

Booth Personnel: K. Phinney, W. Beams, B. Fadely, D. Carlsen, P. Smith, R. Shoup, D. Rarey, R. Sloss, R. Stelling, L. Zimmerman, D. Manley, P. Olin, W. Tom Beams,

Barco Industries, Inc., 472 Amherst St., Ste. 10, Nashua, NH 03063

Booth: 1204

Product Description: Professional broadcast monitors; 9-in. high-resolution monitor; precision broadcast monitors; precision chroma decoders; automatic decoder switching systems; professional TV demodulators and TV modulators.

Booth Personnel: P. Paelinck, J. Verbrugge, D. DeSmet, D. Lowther

B&B Systems, Inc., 28111 N. Ave. Stanford, Valencia, CA 91355

Booth: 1910

Product Description: A complete line of CRT-based phase monitor products for stereo audio users, including the unique Imagescope™ for real-time stereo imaging display.

Booth Personnel: W. Burnsed, J. Bradford, R. Patron

Belden Communications, Inc., 534 W. 25th St., New York, NY 10001

Booth: 946

Product Description: LEE color-effect, correction, and diffusion materials; LEE resin camera filters; and LEE polyester photographic filters.

Booth Personnel: M. Sheppard, D. Vaudo, P. Sutton

Bencher Inc., 333 W. Lake St., Chicago, IL 60606

Booth: 752

Product Description: Bencher copystands for video and large format cameras. M3 copystand for heavier video cameras up to 30 lbs., M2 copystands and Copymate for smaller cameras. Quartz 3200°K lighting. Bencher pin plates. Acme and Oxberry pin systems.

Booth Personnel: J. Benedict, B. Locher, T. Zimmerman

BHP, Inc., 1800 Winnemac Ave., Chicago, IL 60640

Booth: 1726

Product Description: TouchVision non-linear film style electronic editing systems, Model 6142 modular film printers, PCS low-cost tape reader/electronic light valve conversion kits, and accessories.

Booth Personnel: J. Ehrenberg, B. Rady, P. Siegel, K. Pahnke, W. Hrastnik, F. Pinto, G. Darrell, D. Bayliss

Birns & Sawyer, Inc., 1026 N. Highland Ave., Hollywood, CA 90038

Booth: 1516

Product Description: Ronford tripods, RFX animation controller for filming computer graphics, Supafrost filters, large square and split diopters, gaffer's viewing glass, director's finder, technical books, Tiffen and Harrison filters, meters, lights, and various accessories.

Booth Personnel: M. Stern, P. Anway, M. Schweickart, M. Barr, A. Stern

Bremson Data Systems, Inc., 11691 W. 85th St., Lenexa, KS 66214

Booth: 352

Product Description: CVIS (Computerized Video Imaging System), a digital video imaging system designed for speed and accuracy of color negative and transparency analysis.

Booth Personnel: L. Anderson, D. Williams, G. Wightman

Bruel and Kjaer, Naerum Hovedgade 18, Naerum, Denmark 2850

Booth: 1453

Product Description: Series 4000 professional microphones, in addition to matched stereo sets types 3529 and 3530. Type 2032 dual-signal channel analyzer, room equalization technique.

Booth Personnel: A. Weidmann, J. Rondinelli

BTS Broadcast Television Systems, 2300 S. 2300 W., Salt Lake City, UT 84119

Booth: 120

Product Description: CCD cameras, studio cameras, ENG/EFM cameras, film-to-tape transfer systems, computer graphics, distribution switching equipment, signal processing equipment, character generator monitors.

Booth Personnel: E. Zipse, D. Spindle, L. Riddle, J. Wilson, S. Sedoff, A. Schoenberg, C. Parkhill, S. Balin, J. Skupien, J. Clarine, R. Ferguson, M. Hart, M. McGreevy, A. Jensen

CAM-LOK Inc., 10540 Chester Rd., Cincinnati, OH 45215

Booth: 801

Product Description: CAM-LOK's new cam-operated POSI-LOK ground-neutral interlock panel systems, and the new 2001 Series 4 to 58 pin connectors for power and control. Electrical connectors/power distribution devices.

Booth Personnel: D. Fessler, R. Ramundo

Canon U.S.A., Inc., One Canon Plaza, Lake Success, NY 11042

Booth: 1116

Product Description: Broadcast TV lenses and broadcast supporter equipment.

Booth Personnel: J. Keyes, J. Wolfe, T. Miller, L. Bobroff, B. Low, E. Magnott, I. Nogi

Dwight Cavendish Co., 2117 Chestnut Ave., Wilmette, IL 60091

Booth: 201

Product Description: Videocassette duplicator and miscellaneous modules designed for use by duplicators. 16/35mm flying-spot scanner telecine.

Booth Personnel: M. Ruehrdanz, C. Ruehrdanz, S. Paris, D. Jones, D. Lint, J. Hollenkamp, K. Kjellgren, D. Ladly, G. Frost, B. Flint

Solid as a Sony.

Sony videotape has a rock-solid reputation as the toughest you can buy.

One word sums up everything we tried to achieve with VI-K videotape: **durability**.

From its cross-linked binder system to its adhesive base film, it was perfected for the real world of constant jogging, still frame editing, shuttling... and deadlines.

And its ultrafine Vivax™ magnetic particle formulation was made to deliver astonishing picture quality, higher stability and optimum S/N ratio with the lowest headwear rate of any major one-inch videotape.

What we did for VI-K benefitted BCT Betacam® too, resulting in trouble-free still frame editing, totally reliable repeated playback and worry-free long-term storage.

And new Sony BRS and XBR U-matic® cassettes have all of the above plus the new Sony Carbonmirror™ back coating, as well as Sony's anti-static shell, which we introduced in BCT Betacam. They deliver a new level of durability, runability and especially fewer dropouts.

So, after all, Sony professional videotape is just like any other Sony: standard-setting video and audio with a "solid as a rock" reputation. That's why it's the only videotape you can treat like a Sony.

SONY
THE ONE AND ONLY.®

CEI Technology, 880 Maude Ave., Mountain View, CA 94043

Booth: 1818

Product Description: Video-assist systems including: cameras, remote-control systems, switchers, frame grabber/flicker free systems. Complete video-assist field packages.

Booth Personnel: A. Jensen, A. Mellows, C. Headley, J. Messner

Century Precision Optics, 10713 Burbank Blvd., N. Hollywood, CA 91601

Booth: 705

Product Description: Motion-picture and television lenses, lens accessories, lens service.

Booth Personnel: S. Manios, W. Turner, J. Giordano, S. Manios, Jr., B. Levy

Cetec Vega, 9900 Baldwin Pl., El Monte, CA 91731

Booth: 452

Product Description: Wireless microphone and wireless intercom systems.

Booth Personnel: P. Baughman, K. Bourne, G. Stanfill, M. Greene, D. Duran

Christie Electric Corp., 20665 Manhattan Pl., Torrance, CA 90501

Booth: 1920

Product Description: Battery packs and battery chargers including CASP 6-channel universal charger/analyzer/reconditioner. The new CASP-C/F will be introduced.

Booth Personnel: K. Shafer, H. Kohnen, F. Benjamin

Christy's Editorial Film Supply, Inc., 135 N. Victory Blvd., Burbank, CA 91502

Booth: 552

Product Description: Post-production supplies and equipment. Featuring the Hollybox 600, Lokbox, Acmade Codemaster, and Drypure film-cleaning roller.

Booth Personnel: H. Horlings, D. Christy, R. Horlings, P. Horlings, R. New, K. Cockrell

A. Chrosziel Film Technik GmbH & OpTex Ltd., Regerstrasse 27, D8000 Munich 90, W. Germany

Booth: 1253

Product Description: Alfred Chrosziel: accessories for ENG cameras and lenses. Production mattebox 6.6X6.6, mattebox 4X4 lens testing projector, fluid zoom control, studio rig focus-drive system and follow focus, Universal collimation test bench, and projector testing system. OpTex: converted film lenses and accessories, FILM AB CamRail system, prime lens utilizing Zeiss optics, PL and BNCR, together with their established range of Canon lenses 10mm to 800mm.

Booth Personnel: A. Chrosziel, G. Chrosziel, G. Chappell, G. Hill, A. Band, R. Ericson

Chyron Corp., 265 Spagnoli Rd., Melville, NY 11747

Booth: 1434

Product Description: Telesystems Div.: Chyron 4200 with motion and scribe. Video Products Div.: VP-2 character generator and Chameleon paint system.

Booth Personnel: J. Scheuer, I. Hersly, D. Buckler, L. Mincer, A. Rudden, J. Mauro, D. Diels, R. Witko, H. Caplan, B. Knowles, B. Reinhart, A. Ahern, A. Geiger

Cine 60 Inc., 630 Ninth Ave., New York, NY 10036

Booth: 348

Product Description: Universal film/video battery belts and packs; Universal battery checker/reconditioner; Universal video battery cables; Hitch-Hiker camera batteries; Master Overnite charger; sun-guns; sun-gun kits; belts and packs. Triple voltage Universal softbelts, B-90, B-60 batteries, NP-1, NP-1A batteries, and replacement nickel-cadium cell modules and battery repair parts.

Booth Personnel: D. Civitillo, R. Kabo, P. Wildum, Jr., R. Jenkins

Cine Video Tech, Inc., 7330 N.E. 4 Court, Miami, FL 33138

Booth: 1547

Product Description: Panavision camera equipment, Arriflex camera equipment, Tyler camera systems, and the P.E. Denz line of camera accessories, including Argus viewfinders. Lighting, trucks, generators, Praezisions-Entwicklung Denz film, video accessories, underwater equipment, precision parts, and Op-Tex lens conversions.

Booth Personnel: E. Stephan, E. Stephan, Jr., P. Denz, S. Korzyniewski, J. Lichtblau, P. Longman

Cinema Products, 3211 S. La Cienega Blvd., Los Angeles, CA 90016

Booth: 148

Product Description: CP-65 camera, FX35 camera, Steadicam, Mini-Worrall, Camraprompter, J-6 zoom control.

Booth Personnel: E. DiGiulio, E. Clare, J. Garfield, B. Auguste, I. Love, S. Lewis, C. Jackson, N. Samuels

Cinematography Electronics Inc., 1625 Stanford St., Santa Monica, CA 90404

Booth: 1718

Product Description: Film video sync control, Crystal high-speed control, SR Crystal speed control, precision control, Mini Crystal Control, single frame modification kit, intervalometer, strobe sync control, cine check, Fries ARRI adapter.

Booth Personnel: L. Barton, L. Barton, J. Lucas, K. Hudson, K. Smith, M. Kehlenbeck, C. Sumler, B. Short, H. White

CineMills Corp., 3500 W. Magnolia Blvd., Burbank, CA 91505

Booth: 907

Product Description: Lighting filters manufactured by LEE Filter Ltd., a complete line of resin and polyester camera filters by LEE. Daymax HMI globes, DeSisti lighting products, and the 12-KW, 24-in. lighting system manufactured by CineMills.

Booth Personnel: W. Mills, S. Mills, L. Roberts, D. Davis

Cipher Digital, Inc., P.O. Box 170, Frederick, MD 21701

Booth: 1417

Product Description: Time-code readers-generators, event controllers, audio editing systems, transport synchronizers, VTR emulator PC-based audio editing system, synchronizer controllers.

Booth Personnel: A. Mattia, M. Danner, W. Rader, L. Jarkey, H. Todt

Clear-Com Intercom Systems, 1111 17th St., San Francisco, CA 94107

Booth: 1724

Product Description: Intercom and IFB equipment for television and film production, including the new six-channel wireless intercom and the series 500 digital belt packs.

Booth Personnel: B. Cohen, B. Tourkow, B. Fluster, D. Wogman, L. Treiber, E. Matignon, S. Krentz, E. Fitzgerald, P. Giddings, M. Goddard

CMX Corp., 2230 Martin Ave., Santa Clara, CA 95050

Booth: 930

Product Description: CMX-3600: Ultimate on-the-line editor; CMX-6000: film/video off-line editing system; CMX-100: video editing system with integrated video switcher and audio mixer; CMX Optimizer/Maker: EDL making and management.

Booth Personnel: D. DeBerdinis, R. Johnson, T. Greaves, E. Bolger, D. Sirinsky, L. Wieland, G. Hinderliter, D. MacPherson, D. Niederhauser, P. Natanzi, L. Zisis, C. Hardman, J. Shike, D. Orr, D. Ford, S. Goodman, S. Becker

Coherent Communications, Inc., 13756 Glenoaks Blvd., Sylmar, CA 91342

Booth: 749

Product Description: SMPTE time-code products for film and video, VT-300 miniature video transmitter, MX-80 mixer. Coherent Smart Slate™, Noriyuki portable time-code equipment, VT-300 miniature video/audio transmitter, Coherent TC-200A. PS-3 microphone power supply, and other products to be announced.

Booth Personnel: I. Kruglak, S. DeFeo, P. Spinelli, H. Howard, N. Kruglak, A. White

ColorGraphics Systems, Inc., 6400 Enterprise Lane, Madison, WI 53719

Booth: 1007

Product Description: ArtStar 3D, a high-speed graphics paint and 3-D animation system offer-

Rapid Transit

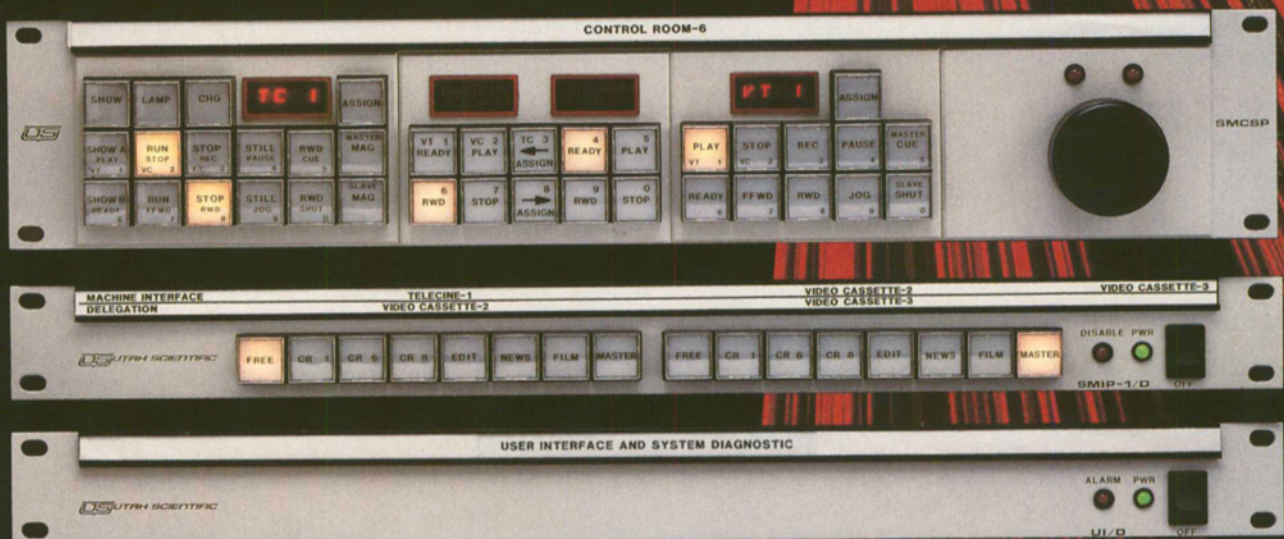

That describes Utah Scientific's new SMC-1 Machine Control System. Using our DYNABUS™ High Speed Data Network, it operates at over 50 times the speed of "ES BUS" systems and interfaces to a wide variety of machines—parallel, "Sony Serial," ES BUS, etc.

SMC-1 control panels are modular, allowing you to mix fifteen-function, ten-function, and dual five-function modules. They are also self-assigning so that modules can select any machine by entering the machine name in the display window.

Machine delegation is also provided. It allows the operator to restrict control of a machine to a single control area or to multiple areas.

Perhaps the most important feature is the intrinsic system reliability provided by the DYNABUS network. With fail-safe bus connections and extensive self-diagnostics, and with no central processor as a potential failure point, it is unmatched for safe, dependable control.

Call or write today for more information on the new SMC-1 Machine Control System.

The Abekas A53-D Digital Special Effects System adds WARP option.

The hottest digital 3-D effects system in the video universe is now even hotter with its new WARP option.

WARP lets you turn the page all-the-way-over picture borders, cleanly and smoothly. Bend and warp the picture to make a circle, cylinder, wave, roll, twist, zigzag, split, slide and much more.

Add perspective, rotation, multi-pictures and other standard effects to WARP shapes to create the most dazzling transitions.

The A53-D comes in composite or component digital versions. The A53-D can be configured as a single- or dual-channel

system with up to four control panels. The dual-channel version with WARP gives you live page-turn with a different picture on each side.

Throttle on up to WARP speed. And leave the competition in your wake. For details, contact Abekas Video Systems, Inc., 101 Galveston Drive, Redwood City, CA 94063 (415) 369-5111.

Move on up to WARP speed

Booth Personnel: J. Gray, S. Gray, R. Gray, L. Reitz, G. Thompson, P. Gray

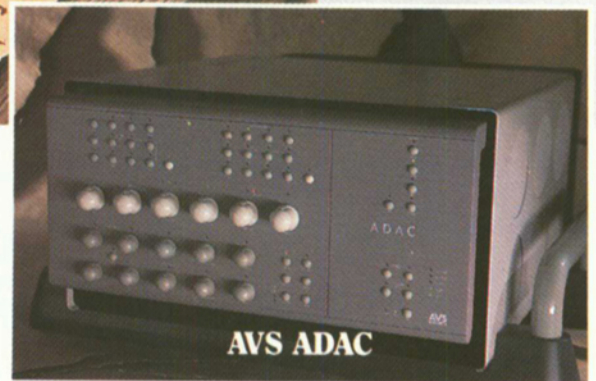

A NEW MASTERPIECE IN STANDARDS CONVERTERS IS OFF THE DRAWING BOARD AND READY FOR ACTION.

It's the revolutionary AVS ADAC—the new criteria against which all standard converters will now be measured.

It's a completely integrated design concept—a combination of advanced circuit design and the very latest component technology.

It's the only converter in existence with dynamic motion interpolation—constantly analyzing and adjusting every picture point to optimize quality of motion and provide transparent conversion.

The result is a true masterpiece of engineering innovation.

- Produces full broadcast quality
- Operates for all broadcast standards —including RGB, YUV (YIQ) and 4:2:2 digital—and all video formats
- The most sophisticated motion adaptive interpolation system ever devised
- Adaptive digital comb filter decoder
- Remarkably only 10½" high
- Exclusive sales and service in the U.S.A. by AFA

ONLY ONE COMPETITOR IS ENTERED IN EVERY EVENT IN THE '88 WINTER GAMES.

When ABC-TV broadcasts the 1988 Winter Games, they'll need a videotape that's a tough competitor. That's why ABC chose Fuji H621E 1-inch videotape and H521EBR 3/4-inch videocassettes.

Fuji tape is tough enough to survive extreme weather conditions. It's also reliable, pass after pass.

And with Fuji, ABC will not only get a reliable tape, they'll get a team of service professionals who will be right there when they need them.

It's the same kind of service you can expect when you select Fuji as your videotape.

Because we know that to win in this business, you've got to be on top of your game.

Mitsubishi & Westrex:

Technology, Experience, Resources, and Commitment.

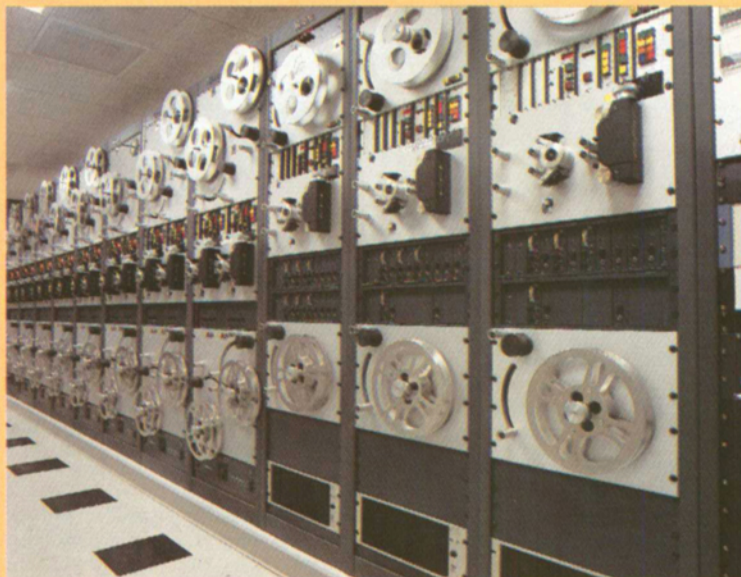

AT THE FOREFRONT OF FILM SOUND TECHNOLOGY.

London's Twickenham Studios post-production film sound complex is one of the newest and most advanced facilities in the world. To help achieve this status, the management for the prestigious studios turned to the Mitsubishi Pro Audio Group to design, build and install an extensive, interactive system of the highest technology film sound equipment available:

- A large, 72 input custom Mitsubishi film re-recording console with Compumix IV film automation coupled to our exclusive Intelligent Digital Fader System;
- More than 120 tracks of our Westrex Series 6000/12000 film recorders and dubbers—fully computer-controlled by a Digital Master Motion Control System which provides a universal interface for SMPTE/EBU time code-based equipment and variable ramping, varispeed and more;
- 4 high-speed, high-brightness Westrex RA-1729 Dubbing Projectors;
- A computer-controlled, high-performance audio routing and mixing switcher for the maximum flexibility in routing dubber tracks to the large re-recording console.

MITSUBISHI/WESTREX: ONLY ONE COMPANY

Only one company in the world has a full range of consoles specifically designed for the specialized requirements of film sound post-production. Only one company has the experience to create fully customized consoles to exacting film studio specifications. Only one company has the engineering

For more than 50 years, Westrex film sound recorders and reproducers have been a performance and reliability standard for the film industry.

depth in overall film technology to provide powerful, efficient automation systems. Only one company has a proven track record for performance in scores of leading film facilities throughout the world. That company is us—the Mitsubishi Pro Audio Group.

MITSUBISHI/WESTREX: COMMITTED TO FILM SOUND

The Mitsubishi Pro Audio Group has made a deep commitment to the worldwide film post-production industry. If future plans for your facilities includes either analog or digital technology, (or a combination of these new advanced systems), we can give

you an enviable technological leadership position in both. For the next decade, and beyond, we have dedicated substantial resources to the continuing development and support of these advanced systems. We value our important relationship with the leading studios in the film industry.

To thoroughly evaluate the best investments for your long-term, large-scale film sound capital equipment budgets, we invite you to contact a Mitsubishi Pro Audio Group film sound specialist in any of our offices or any of our capable dealers around the world.

Magna-Tech Electronic Co., Inc., 630 Ninth Ave., New York, NY 10036

Booth: 112

Product Description: High-speed 16/35mm recorders, reproducers, and projector. EL-2 electronic looping system, footage/time-code generator and reader. Advance/retard system.

Booth Personnel: R. Eberenz, F. Kur, E. Aguilar, A. Jepson, J. Jepson

Magni Systems, Inc., 9500 SW Gemini Dr., Beaverton, OR 97005

Booth: 1838

Product Description: Video measurement equipment, the new 500 Series composite/component waveform monitors, vectorscopes, test signal generators, and sync generators for NTSC and PAL, as well as component analog, high-definition, and digital video, 1515U (for Betacam, MII and SMPTE formats) and 1517 (component plus 4:2:2 digital formats) test signal generators.

Booth Personnel: V. Kong, P. McGoldrick, C. Barrows, K. Parker, R. Seaman, R. Lyons, D. Jurgensen, E. Kiyoi, J. Judge, E. Tuuri, G. Sorenson, K. Alelyunas

Matthews Studio Equipment, Inc., 2405 Empire Ave., Burbank, CA 91504

Booth: 1109

Product Description: Lighting control equipment, grip and lighting diffusers, scrims, and stands, car mounts, dollies track, and remote-control camera head and accessories.

Booth Personnel: R. Hansen

Merlin Engineering Works, Inc., 2440 Embarcadero Way, Palo Alto, CA 94303

Booth: 509

Product Description: ME-438 Bar-Keeper (Betacart library system), Q-Driver (automation system), standards converter, multistandard decoders, stereo audio decoder/encoder, Zootcase, VTR extended play kits. Play-lister, rackmount computer, transcoder, extended

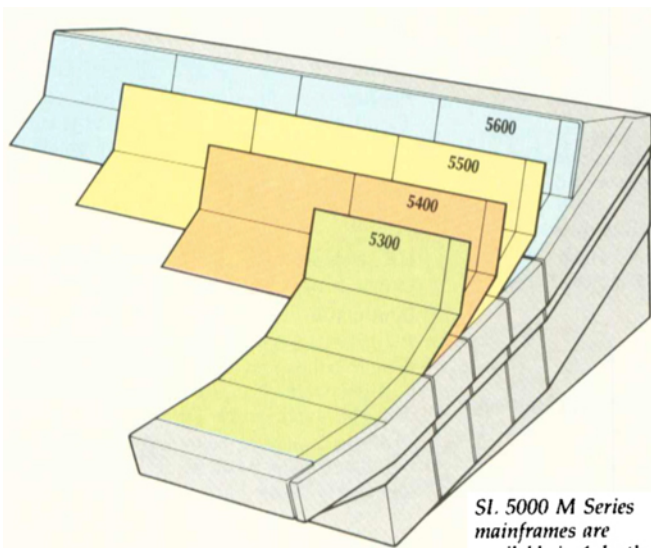

The SL 5000 M Series

The World's Most Advanced Stereo Broadcast Consoles

The SL 5000 M Series is designed to meet the demands of today's broadcasters – offering a new level of operational and creative flexibility in a practical format.

Built from a wide range of audio and control cassettes housed in a variety of mainframe sizes, the SL 5000 M Series offers all the advantages of customised functions and layouts, even for the smallest consoles. Larger organisations will also benefit from common operating procedures, parts stock and maintenance routines.

The SL 5000 M Series is designed for a wide diversity of applications – live radio, continuity, outside broadcasts, film and video post. It will satisfy your requirements for many years to come.

SL 5000 M Series mainframes are available in 4 depths and from 8 to 72 channels wide, allowing consoles of almost any size and capacity.

HTV – Bristol Δ

Film Australia – New South Wales ∇

Whether you are looking for an eight input on-air console, or a 72 input multitrack desk, call us now and join the growing number of broadcasters equipped for the 1990s.

Booth: 1745

Product Description: Professional microphone and circuitry products for broadcast and field production applications.

Booth Personnel: J. Phelan, C. Lyons, M. Petersen

PAY LESS ATTENTION TO YOUR VIDEO CART MACHINE

Great idea! Now you can do just that with the TCS2000.

The Cart Machine automatically manages, records and plays-to-air all forms of spots and programs, giving you much more uninterrupted time away from programming concerns.

The Cart Machine holds up to 280 carts on-line. Tracks 65,000 carts in the database. With its 1,000 event look ahead feature, you receive a printed list of needed carts and your saturation spot carts never have to leave the machine.

The Cart Machine's comprehensive software system interacts with your traffic system to download your logs and automatically preplans the spot play lists days in advance.

Now other station operations get your undivided attention—with The Cart Machine.

Odetics

We put *smarts* in The Cart Machine.

The Reflector is Built-in!

Introducing the revolutionary Philips SureSpot™

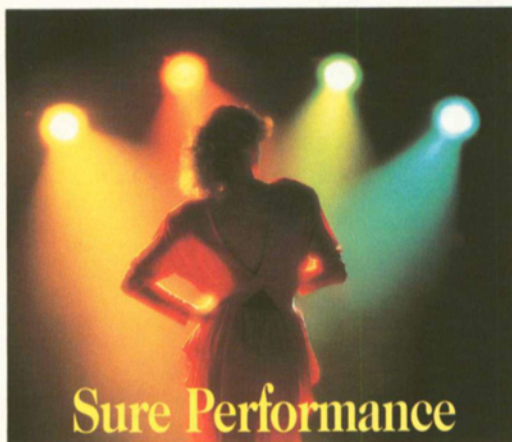

The world's *only* stage and studio lamp with a built-in reflector!

Leave it to Philips to produce brilliant spotlight performance without the trouble and expense of fixture reflector maintenance or optical focusing.

New SureSpot™ assures constant light levels regardless of the fixture reflector mirror condition. Since the reflector is built into the lamp, there is no need to worry about dust accumulation, mirror corrosion or focusing. SureSpot™ results in maximum light output throughout the life of the lamp.

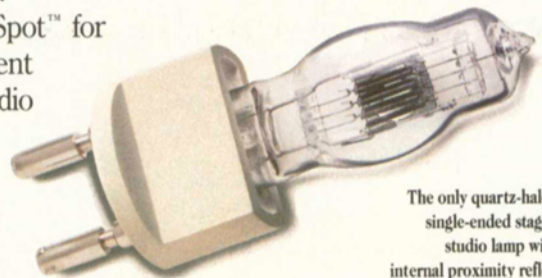

Because of its built-in reflector, the SureSpot™ lamp never has to be focused or adjusted. It's the easiest lamp in the industry to install.

Philips SureSpot™ for convenient, efficient theatrical and studio lighting performance. Begin replacing your past technology today. SureSpot™

Sure Performance

directly replaces conventional EGR 750 watt, EGT 1000 watt and CYX 2000 watt stage and studio lamps. For more information call us at 1-800-631-1259, or write North American Philips Lighting, Philips Square, CN 6800, Somerset, New Jersey 08873.

The only quartz-halogen, single-ended stage and studio lamp with an internal proximity reflector.

It's time to change your bulb.

PHILIPS

automatic measurement equipment, audio and video synchronizers, stereo audio monitors.
