Available. SMPTE Journals from 1955 through 1990. Twenty complete years, 16 incomplete. Best Offer. Contact C. Zichterman, 12 Reba Ct., Morton Grove, IL 60053. (708) 966-6486.

Experts Needed to Participate in '91 ISO Meeting in Japan

Motion-picture technology experts are needed to participate in the 14th Plenary Meeting of the International Organization for Standardization (ISO) Technical Committee 36. The meeting will be held May 20-27, 1991, in Tokyo, Japan.

ISO/TC36 covers international standardization of all aspects of motion-picture technology.

A delegation of U.S. technical specialists will represent the American National Standards Institute, the U.S. member body of ISO, in the deliberations of the TC36 Working Groups, joining with similar specialists from other member body nations in considering new and existing international motion-picture technology standards.

The work of TC36 is divided among five Working Groups.

- WG1, Film Technology, considers raw stock physical properties, interfacing camera hardware, and photographic image capture.
- WG2, Laboratory Services Technology, works on film processing, printer hardware, editing and post-production, duplicating, requirements for laboratory exchange and distribution, and image specifications in the stages between the original and the release print.
- WG3, Audio Technology, considers optical and magnetic record placement, characteristics of the recording and of the recording medium, the reproduction of sound, and description of data accompanying images.
- WG4, Presentation Technology, includes reproduction of the image, the psychophysics of audience image perception, and the physical and environmental contributions of the theater.
- WG5, Film/Electronic Interface Technology, is responsible for the use of the film medium in television, both as a source material and as a recording medium, including telecines and video-to-film transfer.

Persons wishing to participate in this important work are invited to contact Sherwin H. Becker, Director of Engineering, SMPTE, 595 W. Hartsdale Ave., White Plains, NY 10607, (914) 761-1100.
