ATSC-SBE Seminar to Focus on Digital Electronic Newsgathering (ENG)

The Advanced Television Systems Committee (ATSC) in cooperation with the Society of Broadcast Engineers (SBE) will feature a half-day seminar focusing on digital electronic newsgathering (ENG), on February 21, 2006. The seminar will be held in conjunction with the 11th Annual Hollywood Post Alliance (HPA) Technology Retreat in Palm Springs, CA.

The ATSC-SBE seminar will feature experts involved in the development of digital ENG technology and related standards. Presentations will cover topics including the technical aspects of the Data Return Link (DRL) system, digital ENG implementation considerations, frequency coordination, spectrum issues, and high-definition TV from the field.
