

# CALL FOR PAPERS

## SMPTE Technical Conference and Exhibition 2007

SMPTE has announced its Call for Papers for the SMPTE Technical Conference and Exhibition 2007. This event, set for October 24-27 in Brooklyn, NY, will bring together technology thought-leaders from the post-production, filmmaking, and broadcast industries.

SMPTE is seeking proposals for papers delivered during technical sessions and tutorials that will be conducted during the conference, providing attendees with vital information on the latest advances in motion imaging technologies. Proposals addressing the specific topics described below will be given priority.

**Technical paper proposals must be submitted to SMPTE by June 4, 2007.**

### Technical Sessions

- ▶ Digital Intermediates: process, advancements, and case studies
- ▶ Stereoscopic (3D) Imaging, storage, transmission, and display
- ▶ Digital Cinema Exhibition: servers, content storage, networks, and scheduling
- ▶ Image acquisition for filmmaking, broadcast news, studio production, and sports
- ▶ Animation: New techniques and process
- ▶ Advancements in film technologies: film stocks, restoration techniques
- ▶ Electronic Display Technologies: plasma, LCD, LCoS, FED/SED, laser
- ▶ Color management, interchange, correction techniques
- ▶ Metadata and file management
- ▶ Digital Asset Management
- ▶ IP content networks, transport, architectures, standards, and applications
- ▶ Content security, rights management
- ▶ Digital audio for cinema, broadcast, and gaming
- ▶ Consumer Technologies: HD deployment, transmission, home networking
- ▶ Historical topics on early filmmaking, animation, and television technologies

### Tutorials

- ▶ Proposals for tutorial sessions (60 to 90 minutes) will also be accepted. Tutorial topics may address any of the topics listed above.

### Paper Submission Information

**Details on the submission process can be found at [www.smpte.org](http://www.smpte.org).**

Interested participants should submit their one-page proposals (no more than 200 words) in abstract form and include topic heading, paper title, a brief description of proposed paper, name of author/presenter, company, mailing address, telephone/fax numbers, and e-mail address. **Previously published papers and product-specific presentations will not be accepted.**

Selected presenters will be required to provide electronic versions of their technical papers and presentations to SMPTE by September 14, 2007, for publication in the SMPTE Technical Conference and Exhibition 2007 Proceedings.
