

2015 ANNUAL TECHNICAL
CONFERENCE & EXHIBITION
HOLLYWOOD, CA.
26-29 October 2015

CALL FOR PAPERS

The Society of Motion Picture and Television Engineers (SMPTE), the worldwide leader in motion-imaging standards and education, is seeking proposals for technical papers for the SMPTE 2015 Technical Conference & Exhibition to be held, 27-29 October 2015 in Hollywood, California. This is the premier annual technology event covering current and future developments in media technology, content creation, image and sound, over-the-top, and the allied arts & sciences. Conference delegates are the industry's elite technology decision makers and thought leaders

Proposed papers must be informational and must address technical theory, research, innovation, application, or practice specific to any of the evolving technologies associated with the Media Technology Industry.

Papers that are commercial or promotional in nature will not be considered.

Technical topics to consider:

1. 4K/8K UHD and Beyond HD
2. Post Production
3. Broadcast Infrastructure, 3G, IP, File Based Workflow
4. Cinematography and Image Acquisition
5. Asset Management, Storage and Archiving
6. Internet of Everything, the Second Screen and Alternative Content
7. Audio/Video Processing and Compression
8. Content Security
9. New Techniques in Audio
10. Content Distribution
11. Display Technology
12. Advanced Image Processing
13. Mobile, IP and Future Distribution
14. Restoration and Preservation
15. Virtual Reality/Augmented Reality

Student Papers are strongly encouraged.

To Submit an Abstract

Interested parties are invited to submit a topic heading, paper title, and a one-page abstract (50-100 words). Please also provide type of media (presentation, video clip, or technical demonstration), a brief abstract of the proposed paper's content, keywords, name(s) of author(s) and the presenter's name, title, company, mailing address, telephone, and e-mail address, no later than 26 June 2015.

Important: Ensure the submitted abstract is clear, concise and fully describes the subject matter covered in the proposed presentation and required manuscript.

Previously published, product-specific, sales or promotional papers will not be considered.

Instructions for abstract submission:

If **not** already registered with EDAS:

1. Go to <http://www.edas.info>
2. Select "New User"
3. Fill in required information
4. Check "I consent to the EDAS Privacy Policies" box
5. Click on "Add This Person" Button

To Submit a Paper (if **already** registered with EDAS):

1. go to <http://edas.info/N19743>
2. Log-in to EDAS (If required)
3. Enter the paper's title
4. Add the author's name
5. Enter the synopsis in the "Abstract" field
6. Press "Submit"

Authors will be notified regarding the status of their submitted abstracts no later than 29 July 2015.

To ensure SMPTE has time to process papers for the conference, selected speakers **must** provide an electronic version of the final technical paper to SMPTE no later than 17 September 2015.

Please note: A **technical manuscript is required** from all abstracts accepted for the 2015 SMPTE Technical Conference.
