

Focused fast production for 4K, RAW, and HD video.

CATALYST PRODUCTION SUITE

Powerful media preparation. Fast, focused editing. The Catalyst Production Suite provides the backbone for your video productions. Start with Catalyst Prepare and its robust organizational tools, strong color monitoring and adjustment, extensive metadata support, and powerful multichannel audio handling. Then move into Catalyst Edit to take instant advantage of that prep work in a fast, fluent, and focused editing environment.

The Catalyst Production Suite supports 4K and Sony RAW media, and allows you to make the most of your camera's wide color gamut and high dynamic range colors. Speed, elegance, efficiency; the Catalyst Production Suite fuses powerful media prep with lean, focused editing to help you get your job done quickly and effectively.
