

# SMPTE 2017 Opportunities for Students!

## Student Paper Award and Student Edition of the Journal

The Student Paper Award recognizes an outstanding paper, prepared and submitted by a SMPTE student member, that addresses a technical phase of motion pictures, television, photographic instrumentation, or their closely allied arts and sciences. The winning paper is published in the SMPTE *Motion Imaging Journal*, and the winning student receives a full conference registration to the SMPTE 2017 Annual Technical Conference & Exhibition in Hollywood, California, with recognition at the Society's Honors & Awards Ceremony.

This year, students may submit the same paper for both the Student Paper Award and the 2017 student edition of the SMPTE *Motion Imaging Journal*, which recognizes the author and the institution at which the work was done. For both opportunities, the deadline for paper entries is **May 1**. There is no required technical level for the papers.

## Louis F. Wolf Jr. Memorial Scholarship

The Louis F. Wolf Jr. Memorial Scholarship offers \$5,000 toward the cost of tuition at the student's educational institution. The scholarship is open to SMPTE student members who are full-time undergraduate students enrolled in an accredited two- or four-year college or university. Applicants must be majoring in a program emphasizing the engineering, science, advanced technologies, or fundamental theories associated with motion imaging, sound, metadata, and workflows consistent with SMPTE's field of interest. Each must have completed a minimum of four courses toward said major in good academic standing. Applications are due **May 1**.
