

SDVN

IP. Here & Now.

10 GbE • 25 GbE • 100 GbE

The Global Leader in IP Installations

Evertz is enabling the transition to IP with over 80 global deployments of our Software Defined Video Networking (SDVN) COTS solutions.

Supporting industry standards including SMPTE 2110, RDD 37 and 2022-6 over 10/25/100GbE IP infrastructures, Evertz SDVN solutions include the evEDGE Software Defined Compute Platform, EXE/IPX high-capacity packet switch fabrics, MAGNUM Orchestration and Control, and IP gateways.
