

SDVN

IP. Here & Now.

10 GbE • 25 GbE • 100 GbE

The Global Leader in IP Installations

Evertz is enabling the transition to IP with over 100 global deployments of our Software Defined Video Networking (SDVN) COTS solutions. Supporting industry standards including SMPTE ST 2022-6, ST 2110 and RDD 37 over 10/25/100GbE IP infrastructures, Evertz' SDVN solutions include VUE customizable graphical user interfaces for streamlined workflows, the evEDGE virtualized media platform, EXE/IPX high-capacity packet switch fabrics, MAGNUM Orchestration & Control and IP gateways.
