

SCORPION-4 • Standalone Gateway

SCORPION-2 • Miniature Enclosure

SCORPION-18 • Multi-Channel Aggregation Gateway

Any signal, anywhere, any time.

SCORPION

Media Aggregation for Video, Audio and Data • Dark Fiber up to 12G, and 10G/25G IP Interfaces
4K, UHD Video Support • IP Transport over SMPTE ST 2110 and ST 2022-6 links

Available in three form factors, the SCORPION Smart Media Aggregation platform – with its user-selectable mini module interfaces – is ideal for large multi-channel transport to small single-channel standalone applications.
