

Stream broadcast quality live events instantly over the internet with ATEM Television Studio HD and Blackmagic Web Presenter!

Now with ATEM Television Studio HD and Blackmagic Web Presenter you can create professional, broadcast quality television programs from any live event plus instantly stream live out to the internet!

ATEM Television Studio HD is a true professional live production switcher with 4 SDI and 4 HDMI inputs. Simply connect cameras, gaming consoles and computers, then start cutting your show live and in realtime using transitions such as dissolves, dips, wipes, custom graphics, logos and more. You even get a built in DVE so you can create exciting picture in picture effects for use with interviews and live commentators!

The output of the switcher can then be connected to Blackmagic Web Presenter, which has a built in broadcast quality down converter for easy encodes of the video for

streaming. The video is sent to your computer via USB, just like a webcam, so it works with any software. Stream live using services such as YouTube and Facebook Live using software such as Open Broadcaster or XSplit Broadcaster. It even works with Skype for professional remote presentations. Web Presenter is the easiest and most affordable way to broadcast live video on the web!
