

# Ki Pro<sup>®</sup> | ULTRA 12G

New 12G-SDI 4K/UltraHD Recording,  
Playback and Multi-Channel HD Recording

## 12G Power and Simplicity

From the leading name in digital recorders, the new Ki Pro Ultra 12G is AJA's premier model with 12G-SDI I/O for high resolution, deep color, high frame rate recording with HDR support, in a compact, portable design.

Record and playback single channel 4K/UltraHD 50/60p to Apple<sup>®</sup> ProRes or Avid<sup>®</sup> DNxHR over built-in 12G-SDI, with HD-BNC or 12G-SDI Fiber SFP+ options. Record up to four HD 1080p 50/60 sources simultaneously to Apple ProRes onto reliable AJA Pak media with Ki Protect for worry free recording.

Control it all from a beautiful front panel HD display or over the LAN via the Ki Pro Ultra 12G's integrated web browser based UI.
