ATEM Mini Pro ISO model shown.

Introducing ATEM Mini

The miniaturized television studio for creating presentation videos and live streams!

ATEM Mini is a whole television studio, miniaturized down into an easy to use solution for creating live multi camera television shows. Simply connect up to 4 HDMI cameras, computers and even microphones. Then push the buttons on the panel to switch video sources just like a professional broadcaster! You can even add titles, picture in picture overlays and mix audio! Then live stream to Zoom, Skype or YouTube!

Create Training and Educational Videos

ATEM Mini includes everything you need. All the buttons are positioned on the front panel so it's very easy to learn. ATEM Software Control is also included for accessing more advanced features! The 4 HDMI inputs allow connecting cameras and computers, plus the USB output works like a webcam for Zoom or Skype. The multiview even allows all cameras to be viewed on a single monitor!

Use Professional Video Effects

ATEM Mini is really a professional broadcast switcher used by television stations. This means it has professional effects such as a DVE for picture in picture effects, commonly used for commentating over a computer slide show. There are titles for presenter names, wipe effects for transitioning between sources and a green screen keyer for replacing backgrounds with graphics!

Live Stream Training and Conferences

The ATEM Mini Pro model has a built in hardware streaming engine for live streaming via its ethernet connection. This means you can live stream to YouTube, Facebook and Twitch in much better quality and with perfectly smooth motion. You can even connect a hard disk or flash storage to the USB connection and record your stream for upload later!

Edit and Fix Live Streams

With the new ATEM Mini Pro ISO model, you can now edit your live show to fix any mistakes or make improvements. You get all video inputs and program recorded as 5 separate video files! Plus a DaVinci Resolve edit timeline is saved, so you can open the live show and make changes with a single click! It only takes a few minutes to edit and upload a perfect version of your show!

- ATEM Mini.....\$295
- ATEM Mini Pro.....\$595
- ATEM Mini Pro ISO.....\$895
