HELO | Plus

Stream. Record. Deliver.
Simple and Seamless.

The All New HELO Plus is the Next Generation of the Industry Leading HELO

HELO Plus is a compact, advanced H.264 streaming and recording stand-alone appliance. HELO Plus offers both SDI and HDMI I/O with the capability to stream up to 1080p60 to a Content Delivery Network and record simultaneously. Two separate streaming destinations can be set up, plus recording to SD card, local USB drives, or NFS or CIFS network storage.

HELO Plus also provides custom graphics functionality including picture-in-picture, for compelling streams made simple. HELO Plus offers high quality, reliable performance for any critical streaming service needs including eSports, news, sports, education, creator, live events and beyond.

HELO Plus offers seamless compatibility with top streaming CDN services and more.
